# Your healthcare cover

This Benefit Guide sets out the standard benefits and rules of your group health insurance policy. Please read this guide in conjunction with your Insurance Certificate, Table of Benefits and Access Card.

Your Insurance Certificate details the plan(s) and geographical area of cover that your company has chosen for you and your dependents (if applicable) as well as the start date and renewal date of your cover. Please note that we will send you a new Insurance Certificate if we need to record any changes requested by your company or which we are entitled to make, or if, with your company's approval and our acceptance, you request a change such as adding a dependent.

Your Table of Benefits outlines the plan(s) selected by your company and the associated benefits available to you. In addition, it specifies any benefits/treatments which require submission of a Pre-authorization Form and confirms any benefits to which specific benefit limits, waiting periods, deductibles and/or co-payments apply. Your Table of Benefits will be issued using US Dollars or Qatar Riyals, depending on the agreement with your company.

Acceptance and use of the Access Card automatically implies acceptance of all the terms, conditions, limitations and exclusions of this policy.

For full details of your company's insurance contract, please contact your company's Group Scheme Manager. Please note that the terms and conditions of your membership may be changed from time to time by agreement between your company and Allianz Worldwide Care.

# Your cover

## Overview

The overall purpose of this policy is to provide cover for reasonable and customary expenses incurred through the medically necessary treatment of medical conditions, illnesses and injuries as covered within the terms of the policy.

Your Table of Benefits specifies the plan(s) selected by your company and the associated benefits available to you. This could be one of our standard Core Plans, which might have been chosen in combination with one of our standard Out-patient, Dental or Repatriation Plans, or your plan may have been designed specifically for your company. Cover is subject to our policy definitions, exclusions and benefit limits.

You will find further details about our benefits in the "Definitions" section of this guide, however if you have any queries regarding what you are covered for, please do not hesitate to call us.

We would like to bring your attention to the following important points:

## Benefit limits

There are two kinds of benefit limits shown in the Table of Benefits. The **maximum plan benefit**, which applies to certain plans, is the maximum we will pay for all benefits in total, per member, per Insurance Year, under that particular plan. Some benefits also have a **specific benefit limit**, which may be provided on a "per Insurance Year" basis, a "per lifetime" basis or on a "per event" basis, such as per trip, per visit or per pregnancy. In some instances we will pay a percentage of the costs for the specific benefit e.g. "65% refund, up to US\$7,100". Where a specific benefit limit applies or where the term "Full refund" appears next to certain benefits, the refund is subject to the maximum plan benefit, if one applies to your plan(s). All limits are per member, per Insurance Year, unless otherwise stated in your Table of Benefits.

Benefit limits for "Routine maternity" and "Complications of pregnancy and childbirth" are payable on either a "per pregnancy" or "per Insurance Year" basis (this will be confirmed in your Table of Benefits). If your benefit is payable on a "per pregnancy" basis and a pregnancy spans two Insurance

*For multiple birth babies born as a result of medically assisted reproduction, in-patient treatment is limited to US\$42,500 per child for the first three months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.*

Years, please note that if a change is applied to the benefit limit at policy renewal, the following will apply:

- All eligible expenses incurred in the first year will be subject to the benefit limit that applies in year one.
- All eligible expenses incurred in the second year will be subject to the updated benefit limit that applies in year two, less the total benefit amount reimbursed in year one.
- In the event that the benefit limit decreases in year two and this updated amount has been reached or exceeded by eligible costs incurred in year one, no additional benefit amount will be payable.

## Medical necessity and customary charges

This policy provides cover for medical treatment, related costs, services and/or supplies that we determine to be medically necessary and appropriate to treat a patient's condition, illness or injury. Plus we will only reimburse medical providers where their charges are reasonable and customary in accordance with standard and generally accepted medical procedures. If a claim is deemed by us to be inappropriate, we reserve the right to reduce the amount payable by us.

## Pre-existing conditions

Pre-existing conditions are medical conditions or any related conditions for which one or more symptoms have been displayed at some point during your lifetime, irrespective of whether any medical treatment or advice was sought. Any such condition or related condition about which you or your dependents could reasonably have been assumed to have known, will be deemed to be pre-existing.

Please refer to the "Notes" section of your Table of Benefits to confirm if pre-existing conditions are covered.

## Geographical area of cover

Please refer to your Access Card to confirm your geographical area of cover (unless you have been advised otherwise).

## Your Access Card

A personalized Access Card is issued to every insured person, which contains essential contact numbers. This means that you and your family are only a phone call away from help. We suggest that you keep this card with you at all times. Acceptance and use of the Access Card automatically implies acceptance of all the terms, conditions, limitations and exclusions of this policy.

The Access Card aims to establish your identity and allows you to access the network of clinics, hospitals and pharmacies assigned to your healthcare plan. It is not transferable and should be returned or destroyed when membership ceases. The validity of the card is subject to continuity of membership.

Please note that we will send you a new Access Card if we need to record any changes requested by your company or which we are entitled to make, or if, with your company's approval and our acceptance, you request a change such as adding a dependent. Your new Access Card(s) will replace any earlier version(s) you possess from the start date shown on the new card(s). Earlier versions should be destroyed or returned to us.

# Definitions

The following definitions apply to the benefits included in our standard Healthcare Plans for Qatar and to some other commonly used terms. The benefits you are covered for are listed in your Table of Benefits. If any unique benefits apply to your plan(s), the definition will appear in the “Notes” section at the end of your Table of Benefits. Wherever the following words/phrases appear in your policy documents, they will always be defined as follows:

Where applied, deductibles are payable per person per Insurance Year, unless indicated otherwise in the Table of Benefits, and apply to the Out-patient Plan, in respect of any out-patient treatment (i.e. treatment that does not require admission to hospital). Please refer to your Access Card to determine the amount of deductible (if any), that applies to your out-patient benefits.

- 1.25 **Emergency out-patient treatment** is treatment received in a casualty ward/emergency room within 24 hours of an accident or sudden illness, where the insured does not, out of medical necessity, occupy a hospital bed. - 1.26 **Emergency treatment outside area of cover** is treatment for medical emergencies which occur during business or holiday trips outside your area of cover. Cover is provided up to a maximum period of six weeks per trip within the maximum benefit amount and includes treatment required in the event of an accident, or the sudden beginning or worsening of a severe illness which presents an immediate threat to your health. Treatment by a physician, medical practitioner or specialist must commence within 24 hours of the emergency event. Cover is not provided for any curative or follow-up non-emergency treatment, even if you are deemed unable to travel to a country within your geographical area of cover, nor does it cover charges relating to maternity, pregnancy, childbirth or any complications of pregnancy or childbirth. You should advise your company's Group Scheme Manager if you are moving outside your area of cover for more than six weeks.
- 1.27 **Expenses for one person accompanying an evacuated/repatriated person** refer to the cost of one person traveling with the evacuated/repatriated person. If this cannot take place in the same transportation vehicle, transport at economy rates will be paid for. Please note that for multiple birth babies born as a result of medically assisted reproduction, in-patient treatment is limited to US\$42,500 per child for the first three months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.
- 1.35 **In-patient cash benefit** is payable when treatment and accommodation for a medical condition, that would otherwise be covered under the insured's plan, is provided in a hospital where no charges are billed. We will evacuate the insured person to the nearest appropriate medical center (which may or may not be located in the insured person's home country) by ambulance, helicopter or airplane. The medical evacuation, which should be requested by your physician, will be carried out in the most economical way having regard to the medical condition. The return journey must be made within one month after treatment has been completed.

Insured persons must contact Allianz Worldwide Care at the first indication that repatriation is required. # General information

## Adding dependents

You may apply to include any of your family members as a dependent provided that you are allowed to do so under the agreement between your company and us. Notification to add a dependent should be made through your company unless otherwise stated.

Newborn infants will be accepted for cover from birth, provided that we are notified within four weeks of the date of birth. To have a newborn added to the policy, you must ask your company to submit a request in writing, including a copy of the birth certificate, to its usual contact person for membership changes. If we are notified four weeks or more after the date of birth, newborn children will be accepted for cover from the date of that notification.

## Changing country of residence

It is important that you let us know if you change your country of residence as it may impact the cover or premium, even if you remain within your current geographical region of cover. Cover in some countries is subject to local health insurance restrictions, particularly for residents of that country. It is your responsibility to ensure that your healthcare cover is legally appropriate and we would recommend that you seek independent legal advice in this regard, as we may no longer be able to provide you with cover. Notification of change of residence should be made through your company unless otherwise stated.

## Changing your address/email address

All correspondence will be sent to the details we have on record for you unless requested otherwise. Any change in your home, business or email address should be communicated to us in writing as soon as possible.

## Claims

In relation to medical claims, please note that:

- a) All claims should be submitted no later than six months after the end of the Insurance Year. If cover is cancelled during the Insurance Year, claims should be submitted no later than six months after the date that your cover ended. Beyond this time we are not obliged to settle the claim.

- b) A separate Claim Form is required for each person claiming and for each medical condition being claimed for. Please note that as well as our hard and soft copy claim forms, if your company has selected our Online Services facility, insured persons can now avail of our mobile *MyHealth* app for fast and easy claims submission.
- c) It is your responsibility to retain any original supporting documentation (e.g. medical receipts) where copies are submitted to us, as we reserve the right to request original supporting documentation/receipts up to 12 months after claims settlement, for auditing purposes. We also reserve the right to request a proof of payment by you (e.g. bank or credit card statement) in respect of your medical receipts. We advise that you keep copies of all correspondence with us as we cannot be held responsible for correspondence that does not reach us for any reason that is outside of our reasonable control.
- d) If the amount to be claimed is less than the deductible figure under your plan, keep collecting all out-patient receipts and Claim Forms until you reach an amount in excess of your plan deductible, then forward to us all completed Claim Forms together with supporting receipts/invoices.
- e) Please specify on the Claim Form the currency in which you wish to be paid. Unfortunately, on rare occasions, we may not be able to make a payment in the currency you requested, due to international banking regulations. In this instance we will review each case individually to identify a suitable alternative currency option. If we have to make a conversion from one currency to another, we will use the exchange rate that applies on the date on which the invoices were issued, or we will use the exchange rate that applies on the date that claims payment is made.
- f) Only costs incurred as a result of eligible treatment will be reimbursed within the limits of your policy, after taking into consideration any pre-authorization requirements. Any deductibles or co-payments outlined in the Table of Benefits will be taken into account when calculating the amount to be reimbursed.
- g) If you are required to pay a deposit in advance of any medical treatment, the cost incurred will only be reimbursed after treatment has taken place.

- h) You and your dependents agree to assist us in obtaining all necessary information to process a claim. We have the right to access all medical records and to have direct discussions with the medical provider or the treating physician. We may, at our own expense, request a medical examination by our medical representative when we deem this to be necessary. All information will be treated in strict confidence. We reserve the right to withhold benefits if you or your dependents have not honored these obligations.

Please note that treatment in the USA is not covered, if we know or suspect that cover was purchased for the purpose of traveling to the USA to receive treatment for a condition, when the symptoms of the condition were apparent to the insured person prior to the purchase of cover. If any claims have been paid by us in relation to the treatment described above, we reserve the right to seek reimbursement from the insured person of any amounts which have already been paid in claims.

## Treatment needed as a result of somebody else's fault

If you are claiming for treatment that is needed when somebody else is at fault, you must write and tell us as soon as possible; e.g. if you need treatment for an injury suffered in a road accident in which you are a victim. Please take any reasonable steps we ask of you to obtain the insurance details of the person at fault so that we can recover, from the other insurer, the cost of the treatment paid for by us. If you are able to recover the cost of any treatment for which we have paid, you must repay that amount (and any interest) to us.

## When cover starts for you and your dependent

Your insurance is valid from the start date shown on the Access Card and will continue until the group renewal date (also stated on the Access Card). Generally, this is one Insurance Year, unless agreed otherwise between your company and us or if you started your policy mid-year. At the end of this period, your company can renew the insurance on the basis of the policy terms and conditions applicable at that time. You will be bound by those terms.

Cover for dependents (if applicable) will start on the effective date shown on your most recent Insurance Certificate which lists them as a dependent. Their membership may continue for as long as you remain a member of the group scheme and as long as any child dependents remain under the defined age limit. Child dependents can be covered under your policy up until the day before their 18<sup>th</sup> birthday; or up until the day before their 24<sup>th</sup> birthday if they are in full time education.

# Evacuations and repatriations

At the first indication that a medical evacuation/repatriation is required, please call our 24 hour Helpline (contact details on the back cover of this guide) and we will take care of everything. Given the urgency of an evacuation/repatriation, we would advise that you call us, however, you can also contact us by email at: **medical.services@allianzworldwidecare.com**. When emailing, please include "*Urgent – Evacuation/Repatriation*" in the subject line. Please contact us before talking to any alternative providers, even if approached by them, to avoid potentially inflated charges or unnecessary delays in the evacuation process. **In the event that evacuation/repatriation services are not organized by us, we reserve the right to decline all costs incurred.**

## Getting treatment

### Treatment within the Qatar provider network

If your area of cover includes Qatar, you have access to a complete network of medical providers based in Qatar. The type of network and details of the providers included in it can be found in the **medical providers network list** that has been issued to you as part of your Membership Pack.

1. When visiting a network medical provider, simply present your Access Card.
2. The provider will contact us directly to process the necessary paperwork.
3. We will settle the bill directly with your medical provider.

Please note that unless otherwise stated in your Table of Benefits, where provided under the following benefits, cover is available on a reimbursement basis only i.e. you will have to pay for eligible treatment and then complete and submit a Claim Form (available from our website:

**[www.allianzworldwidecare.com/members](http://www.allianzworldwidecare.com/members)**) for:

- Acupuncture.
- All dental benefits.
- Chiropractic treatment.
- Health and wellbeing checks including screening for the early detection of illness or disease.
- Homeopathy.
- Medical aids.
- Podiatry.
- Prescribed glasses and contact lenses including eye examination.
- Psychiatry.
- Vaccinations.

If you need to purchase prescribed medication, your treating doctor will provide you with a Pharmacy Services Claim Form along with your prescription. When you present the Pharmacy Services Claim Form to a pharmacy included in your network, you will **not** be required to make any payment for the prescribed medicines (subject to the limits of your cover).

## Treatment outside of the Qatar provider network or outside of Qatar

First, please check that your plan covers the treatment you are seeking. Your Table of Benefits will confirm which benefits are available to you, however, you can always call our Helpline if you have any queries.

### Remember, some treatments require pre-authorization

The following treatments/benefits require pre-approval through submission of a Pre-authorization Form:

- Day-care treatment.
- Expenses for one person accompanying an evacuated/repatriated person.
- Kidney dialysis.
- Long term care.
- Medical evacuation (or repatriation, where covered).
- MRI (Magnetic Resonance Imaging) scan. Pre-authorization is not needed for MRI scans unless you wish to have direct settlement.

- Oncology (only in-patient or day-care treatment requires pre-authorization).
- Out-patient surgery.
- Palliative care.

*Use of the Pre-authorization Form helps us to assess each case and facilitate direct settlement with the hospital. Please note that we may decline your claim if pre-authorization is not obtained. You can find full details on page 27 of this guide.*

### Getting in-patient treatment

If you need in-patient treatment **outside of the Qatar network (where Qatar is included within your area of cover) or outside of Qatar:**

## Getting out-patient or dental treatment

If you receive out-patient treatment (inside Qatar, where Qatar is included in your area of cover or outside of Qatar) from a medical provider not included in your network or if you receive any dental treatment, please settle the bill directly with the medical provider. You can then seek reimbursement from us. If your company has selected our Online Services facility, claims can be submitted quickly and easily through our *MyHealth* app: simply provide a few key details, take a photo of your invoice(s) and press 'submit'.  
[www.allianzworldwidecare.com/myhealth](http://www.allianzworldwidecare.com/myhealth)

Alternatively, simply download a Claim Form from our website: [www.allianzworldwidecare.com/members](http://www.allianzworldwidecare.com/members) and follow the steps below:

1. Get an **invoice** from the doctor/dentist which states your name, treatment date(s), the diagnosis/medical condition that you received treatment for, the date of onset of symptoms, the nature of the treatment and the fees charged.
2. **Complete sections 1-4 and 7 of the Claim Form.** Sections 5 and 6 only need to be completed by the doctor/dentist if their invoice does not state the diagnosis and nature of treatment.
3. **Send** the Claim Form and all supporting documentation, invoices and receipts to us. Details of how to submit your Claim Form and supporting documents are indicated on the Claim Form.

*Without the diagnosis, we cannot process your claim promptly, as we will need to request these details from you or your doctor. We will email or write to you to advise you of when the claim has been processed.*

*Please refer to the Claims section on pages 22-24 of this guide for additional important information about our claims process. You can find information about getting treatment in the USA on page 28.*
