

A NEW LIFE ABROAD?

Meet Mike and Mary

They have been a couple for long and now they are thinking about starting a family. They are also about to embark on a new life abroad following Mary's reassignment. They are both excited and anxious about their new adventure abroad...

...but one thing they don't have to worry about is healthcare. For their health's ups and downs and for their family project, they are protected with Allianz Care's international cover.

INTERNATIONAL HEALTH INSURANCE

*we know what's
important to you*

Moving abroad with your loved one can be an adventure but leaving the familiar behind can be tough. Allianz Care is here to support you – our international healthcare plans have been designed specifically to support your new chapter in life. From everyday doctor visits to more specific treatments, we've got you covered.

Build your own level of cover...

...meeting your needs and budget.

- Select the level of cover that fits your needs among the options in our range
- Adjust it further by selecting the geographical area of cover where you are going to live and travel
- Add any complementary covers that you may need among our selection of Out-patient Plans, Maternity Plans, Dental Plans and our Repatriation Plan

Comprehensive Maternity benefits

By selecting our "Active Family" Out-patient Plan and any of our Maternity Plans, you can obtain generous cover for infertility treatment, pre- and post-natal care, routine delivery and any complications. You will also be covered for added value benefits, e.g. breastfeeding consultations, pregnancy yoga and more.

Also available to ladies not insuring their spouse on their same policy!

Embrace your new life abroad...

...with a healthy family lifestyle.

- Choose to be covered for specific wellbeing benefits. Our plans are designed to support you not only with big health events (e.g. if you ever need to be hospitalised), but also with maintaining a healthy lifestyle. Enjoy benefits like reimbursement on a digital health app of your choice, and choose an Out-patient Plan that covers vaccinations, health and wellbeing checks, dietician and more
- Download HealthSteps, our digital fitness app, which is designed to encourage and support you in a fitter and healthier life
- Obtain useful tips via Health Matters, our monthly newsletter dedicated to prevention and wellbeing

Loyalty benefits

We like to reward our renewing customers by offering more benefits in their renewal plan. With your first renewal, you will start being covered for new things, for example fitness assessment.

Feel looked after...

...knowing that Allianz Care is always here, always open, to take care of you.

- Our 24/7 multilingual Helpline is always available to respond to any queries on your policy or if you need assistance in case of an emergency
- You can also access Medi24, a service available in four languages, which provides 24/7 phone access to medical advice
- We offer 24/7 Travel Security services, catering for all your travel safety queries (i.e. talking to a security specialist about your travel destination)

Expats Assistance Programme

Confidential and professional 24/7 multilingual support service to address a wide range of life challenges, e.g.: parenting, cross-cultural transition, workplace challenges, legal and financial support, e.g. advice with buying a home.

Available by phone, video, email or online chat. Included in all international health plans of our range for families.

Forget the paperwork...

...and enjoy easy access to your cover and services, via MyHealth.

- Because you will be busy at getting settled in your new country, we try to keep your cover administration down to a minimum. So you can relax and focus on embracing your new routine!
- MyHealth has been designed to give you easy and convenient access to your cover and services, no matter where you are (available as mobile app or desktop version)
- Via MyHealth you can, for example, submit your claims in 3 simple steps, view your claim history, access local emergency numbers, find an hospital nearby, run a quick evaluation of your symptoms, download your policy documents and more

Digital insurance card

Too many plastic cards in your wallet? Don't worry, we won't add more. Each member under your policy will receive a personal membership card in digital format, which can be accessed anytime (even off line) on MyHealth, whenever you need to show it to your medical provider.

Health insurance is not just about covering your healthcare costs. We go beyond to ensure that you enjoy a healthy life, because we believe in care over cure.

We are Allianz: we have been in the international health insurance business for more than 50 years. We are the expert healthcare partner chosen by expats who want to feel valued and cared for.
