Understanding how your cover works

What am I covered for?

You and your dependants are covered for medically necessary treatment and related costs, services and supplies arising from the occurrence or worsening of a medical condition, in accordance with your Table of Benefits. Within the scope of your policy, you are covered for medical treatment, costs, services or supplies that:

- We determine to be medically necessary, appropriate for the patient's condition, illness or injury.
- Have a palliative, curative and/or diagnostic purpose.
- Are performed by a licensed doctor, dentist or therapist.

Your cover is also subjected to:

- Policy definitions and exclusions (also available in this guide).
- Any special conditions shown on your Insurance Certificate (and on the Special Condition Form issued before the policy comes into effect, where relevant).
- Any policy endorsements, these policy terms and conditions and any other legal requirements.
- Costs being reasonable and customary – these are costs that are usual within the country of treatment. We will only reimburse medical providers where their charges are in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline or reduce the amount we pay.

We generally cover pre-existing conditions (including pre-existing chronic conditions) unless we say otherwise in your policy documents. If in doubt, please check your Table of Benefits to confirm if pre-existing conditions are covered. If you are uncertain whether your planned medical treatment is covered under your plan, please contact our Helpline.

This insurance policy may not provide any cover or benefit to the extent that either the cover or benefit would violate any applicable sanction, law or regulations of the United Nations, the European Union or any other applicable economic or trade sanction, law or regulations.

Where can I receive treatment?

You can receive treatment in any country within your area of cover, as shown in your Insurance Certificate. If the treatment you need is available locally but you choose to travel to another country in your area of cover, we will reimburse all eligible medical costs incurred within the terms of your policy; except for your travel expenses.

If the eligible treatment is not available locally, and your cover includes "Medical evacuation", we will also cover travel costs to the nearest suitable medical facility. To claim for medical and travel expenses incurred in these circumstances, you will need to complete and submit the Treatment Guarantee Form before travelling.

You are covered for eligible costs incurred in your home country, provided that your home country is in your area of cover.

What are benefit limits?

Your cover may be subject to a **maximum plan benefit**. This is the maximum we will pay in total for all benefits included in the plan per member, per Insurance Year.

If your plan has a maximum plan benefit, it will apply even where:

- The term "Full refund" appears next to the benefit.
- A specific benefit limit applies – this is when the benefit is capped to a specific amount (e.g. €10,000).

Benefit limits may be provided on a "per Insurance Year" basis, on a "per lifetime" basis or on a "per event" basis (such as per trip, per visit or per pregnancy). In some instances, in addition to the benefit limit, we will only pay a percentage of the costs for the specific benefit e.g. "65% refund, up to £4,150/€5,000/US\$6,750/CHF 6,500".

Benefit limits related to maternity

The benefits "**Routine maternity**" and "**Complications of pregnancy and childbirth**" are paid on either a "per pregnancy" or "per Insurance Year" basis. Your Table of Benefits will confirm this.

If your maternity benefits are payable on a "per pregnancy" basis

When a pregnancy spans two Insurance Years and the benefit limit changes at policy renewal, the following rules apply:

- In year one – the benefit limits apply to all eligible expenses.
- In year two – the updated benefit limits apply to all eligible expenses incurred in the second year, less the total benefit amount already reimbursed in year one.

- If the benefit limit decreases in year two and we have already paid up to or over this new amount for eligible costs incurred in year one, we will pay no additional benefit in year two.

Limit for multiple-birth babies, all babies born by surrogacy, adopted and fostered children

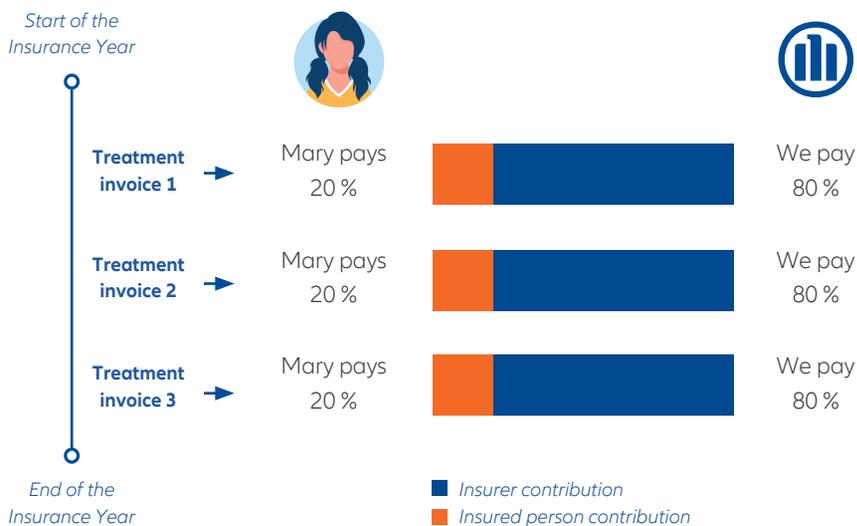

There is a limit for in-patient treatment that takes place in the first three months following birth if the baby:

- was born by surrogacy
- is adopted
- is fostered
- is a multiple-birth baby born as a result of medically assisted reproduction.

This limit is £24,900/€30,000/US\$40,500/CHF39,000 per child. Out-patient treatment is paid under the terms of the Out-patient Plan.

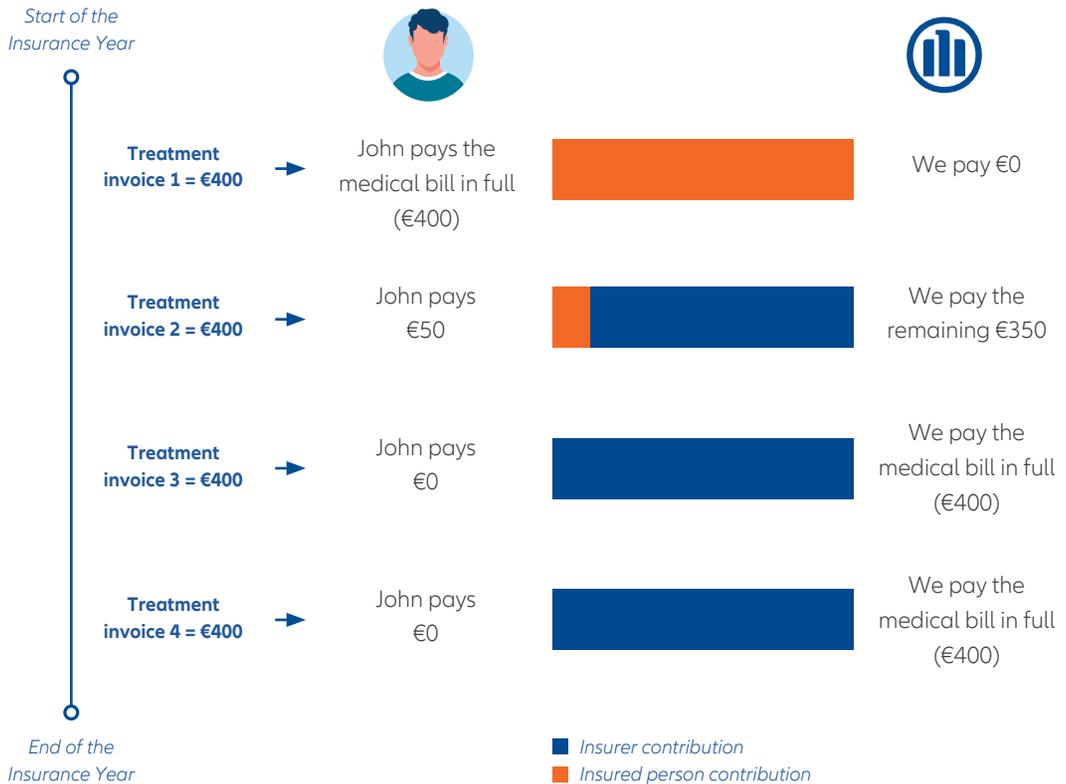

What are co-payments?

A **co-payment** is when you pay a percentage of the medical costs. Your Table of Benefits will show whether this applies to your plan. In the following example, Mary requires several dental treatments throughout the year. Her dental treatment benefit has a 20% co-payment, which means that we will pay 80% of the cost of each eligible treatment. The total amount payable by us may be subject to a maximum plan benefit limit.

What are deductibles?

A **deductible** is a fixed amount you need to pay towards your medical bills per period of cover before we begin to contribute. In the following example, John needs to receive medical treatment throughout the year. His plan includes a €450 deductible.

Seeking treatment?

We understand that seeking treatment can be stressful. Follow the steps below so we can look after the details – while you concentrate on getting better.

Check your level of cover

First, check that your plan covers the treatment you are seeking. Your Table of Benefits will confirm what is covered. However, you can always call our Helpline if you have any queries.

Some treatments require our pre-approval

Your Table of Benefits will show which treatments require our pre-approval (via a Treatment Guarantee Form). These are mostly in-patient and high cost treatments. The pre-approval process helps us assess each case, organise everything with the hospital before your arrival and make direct payment of your hospital bill easier, where possible.

Unless we agree otherwise, if you make a claim without obtaining our pre-approval, the following will apply:

- If the treatment received is subsequently proven to be medically unnecessary, **we reserve the right to decline your claim.**
- If the treatment is subsequently proven to be medically necessary, we will pay 80% of in-patient benefits and 50% of other benefits.

Getting in-patient treatment (pre-approval applies)

Download a Treatment Guarantee Form from our website:
www.allianzcare.com/members

Complete the form and send it to us at least **five working days before** treatment.
You can send it by email, fax or post to the address shown on the form.

We contact the hospital to organise payment of your bill directly, where possible.

If it's an emergency:

Get the emergency treatment you need and call us if you need any advice or support.

If you are hospitalised, either you, your doctor, one of your dependants or a colleague needs to call our Helpline (**within 48 hours** of the emergency) to inform us of the hospitalisation. We can take Treatment Guarantee Form details over the phone when you call us.

We can also take Treatment Guarantee Form details over the phone if treatment is taking place within 72 hours. Please note that we may decline your claim if pre-approval is not obtained.

Claiming for your out-patient, dental and other expenses

If your treatment does not require our pre-approval, you can simply pay the bill and claim the expenses from us. In this case, follow these steps:

Receive your medical treatment and pay the medical provider.

Get an invoice from your medical provider. This should state your name, treatment date(s), the diagnosis/medical condition that you received treatment for, the date of onset of symptoms, the nature of the treatment and the fees charged.

Claim back your eligible costs via our MyHealth app or online portal (www.allianzcare.com/en/myhealth.html).

Simply enter a few key details, add your invoice(s) and press 'submit'.

Quick claim processing

Once we have all the information required, we can process and pay a claim within 48 hours. However, we can only do this if you have told us your diagnosis, so please make sure you include this with your claim. Otherwise, we will need to request the details from you or your doctor.

We will email or write to you to let you know when the claim has been processed.

If you are French and your contract is a top up to the CFE, we will process fully completed Claim Forms and issue payment instructions to your bank **within five working days**.

Evacuations and repatriations

At the first indication that you need medical evacuation or repatriation, please call our 24 hour Helpline and we will take care of it. Given the urgency, we would advise you to phone if possible. However, you can also contact us by email. If emailing, please write 'Urgent – Evacuation/Repatriation' in the subject line.

Please contact us before talking to any providers, even if they approach you directly, to avoid excessive charges or unnecessary delays in the evacuation. In the event that evacuation/repatriation services are not organised by us, we reserve the right to decline the costs.

Additional information about claiming for your expenses

Medical claims

Before submitting a claim to us, please pay attention to the following points:

- **Claiming deadline:** You must submit all claims (via our MyHealth app or online portal) no later than two years after the treatment date. If cover is cancelled during the Insurance Year, you should submit your claim no later than two years after the treatment date. After this time, we are not obliged to settle the claim.
- **Cerfa form:** If your contract is a top-up to the CFE or if you are affiliated to the French social security, we require the "Cerfa" treatment form ("Feuille de soins", supplied by your medical provider) for all treatments received in France.
- **Claim submission:** You must submit a separate claim for each person claiming and for each medical condition being claimed for.
- **Supporting documents:** When you send us copies of supporting documents (e.g. medical receipts), please make sure you keep the originals. We have the right to request original supporting documents/receipts for auditing purposes up to 12 months after settling your claim (or for up to two years for claims on CFE or French social security policies). We may also request proof of payment by you (e.g. a bank or credit card statement) for medical bills you have paid. We advise that you keep copies of all correspondence with us as we cannot be held responsible for correspondence that fails to reach us for any reason outside of our control.
- **Deductibles:** If the amount you are claiming is less than the deductible figure in your plan, you can either:
 - Collect all out-patient receipts until you reach an amount that exceeds this deductible figure.
 - Send us each claim every time you receive treatment. Once you reach the deductible amount, we'll start reimbursing you.

Attach all supporting receipts and/or invoices with your claim.

- **Currency:** Please specify the currency you wish to be paid in. On rare occasions, we may not be able to make a payment in that currency due to international banking regulations. If this happens, we will identify a suitable alternative currency. If we have to make a conversion from one currency to another,

we will use the exchange rate that applied on the date the invoices were issued, or on the date that we pay your claim.

Please note that we reserve the right to choose which currency exchange rate to apply.

- **Reimbursement:** We will only reimburse (within the limits of your policy) eligible costs after considering any pre-approval requirements, deductibles or co-payments outlined in the Table of Benefits.
- **Reasonable and customary cost:** We will only reimburse charges that are reasonable and customary in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline your claim or reduce the amount we pay.
- **Deposits:** If you have to pay a deposit in advance of any medical treatment, we will reimburse this cost only after treatment has taken place.
- **Providing information:** You and your dependants agree to help us get all the information we need to process a claim. We have the right to access all medical records and to have direct discussions with the medical provider or the treating doctor. We may, at our own expense, request a medical examination by our doctors if we think it's necessary. All information will be treated confidentially. We reserve the right to withhold benefits if you or your dependants do not support us in getting the information we need.

Reimbursement of eligible expenses under your policy incurred in respect of an illness, maternity or an accident, will not exceed the costs that the insured person paid, following any additional reimbursement to which the insured person is entitled to receive. This includes payments made under article L.861-3 of the French Social Security Code.

In addition, insurance cover of the same kind taken out with multiple insurers will only take effect within the limit of each insurance cover, regardless of the start date of each insurance policy.

Claims for accidental death

If the "Accidental death" benefit is included in your healthcare plan, the claim must be reported to us within 90 working days following the date of death of the insured person.

Please send us:

- A fully completed Life and Accidental Death Benefit Application Form.
- A death certificate.
- A medical report indicating the cause of death.
- A written statement outlining the date, location and circumstances of the accident.

- Official documentation proving the insured person's family status (i.e. whether they are married or have children).
- For the beneficiaries, proof of identity as well as proof of their relationship to the insured person.

Beneficiaries are, unless otherwise specified by the insured:

- The insured person's spouse or partner, if not legally separated.
- If there is no spouse, the insured person's surviving children including step-children, adopted or foster children and children born less than 300 days after the date of the insured person's death; in equal shares among them.
- If there are no children, the insured person's father and mother, in equal shares between them, or to the survivor if one parent has died.
- Failing any of the above, the insured person's estate.

If you wish to nominate a beneficiary other than those listed above, please contact our Helpline.

Please note that if the insured person and one or all of the beneficiaries die in the same incident, the insured person will be considered the last deceased.

Treatment needed as a result of someone else's fault

If you are claiming for treatment that you need when somebody else is at fault, you must write and tell us as soon as possible. For example, if you need treatment following a road accident in which you are a victim. Please take any reasonable steps we ask of you to obtain the insurance details of the person at fault. We can then recover from the other insurer the cost of the treatment paid for by us. If you are able to recover directly the cost of any treatment which we have paid for, you will need to repay that amount (and any interest) to us.

Terms and conditions of your cover

Terms and conditions

This section describes the benefits and rules of your health insurance policy.

Your health insurance policy is an annual contract between us and the insured person(s) named on the Insurance Certificate. The contract is made up of:

- The **Benefit Guide** (this document), which explains the standard benefits and rules of your health insurance policy. It should be read together with your Insurance Certificate and Table of Benefits.
- The **Insurance Certificate**. This states the plan(s) chosen, the start date and renewal date of the policy (and effective dates of when dependants were added), and the geographical area of cover. If any other terms apply which are specific to your cover, these will be stated in the Insurance Certificate. They will also have been detailed on a Special Conditions Form which we send you before you're placed on cover. We'll send you an updated Insurance Certificate if you request a change which we accept, such as adding a dependant, or if we apply a change that we're entitled to make.
- The **Table of Benefits**. This shows the plan(s) selected, the benefits available to you, and states which benefits/treatments require submission of a Treatment Guarantee Form. It also confirms any benefits where specific benefit limits, waiting periods, deductibles and/or co-payments apply.
- Information provided to us by (or on behalf of) the insured person(s) in the signed Application Form, submitted Online Application Form, Confirmation of Health Status Form or others (we'll refer to all of these collectively as the "relevant application form") or other supporting medical information.

Administration of your policy

When cover starts

When you receive your Insurance Certificate, this is our confirmation that you've been accepted onto the policy. It will confirm the start date of your cover. Please note that no benefit will be payable under your policy until the initial premium has been paid, with subsequent premiums being paid when due.

Cover for dependants (if applicable) will start on the effective date shown on the most recent Insurance Certificate which lists them as your dependants. Their membership may continue for as long as you are the policyholder and, for children, as long as they remain under the defined age limit. Child dependants can be covered under your policy up until the day before their 18th birthday or up until the day before their 24th birthday if they are in full-time education. At that time, they may apply for their own cover.

Adding dependants

You may apply to include any member of your family as a dependant by completing the relevant application form.

How do I add a newborn to my policy?

Please send an email to underwriting@allianzworldwidecare.com within four weeks from birth and attach the birth certificate. With the exception of multiple birth babies, we will accept the baby without medical underwriting if the birth parent or intended parent (in the case of surrogacy) has been insured with us for a minimum of eight continuous months. Cover will start at birth.

What happens if I don't notify you within four weeks?

A newborn child will be underwritten and if accepted, cover will start from the date of acceptance.

What if I am adding multiple birth babies, babies born by surrogacy, adopted and fostered children?

Multiple birth babies will be underwritten and if accepted, cover will start from the date of acceptance.

There is a limit for in-patient treatment that takes place in the first three months following birth if the baby:

- was born by surrogacy
- is adopted
- is fostered
- is a multiple-birth baby born as a result of medically assisted reproduction.

This limit is £24,900/€30,000/US\$40,500/CHF39,000 per child. Out-patient treatment is paid under the terms of the Out-patient Plan.

Changes to policyholder

If a request is made at renewal to change the policyholder, the proposed replacement policyholder will need to complete an application form and full medical underwriting will apply. Please refer to the section on “Death of the policyholder or a dependant” if the requested change is due to the death of the policyholder.

Death of the policyholder or a dependant

We hope you will never need to refer to this section; however, if a policyholder or a dependant dies, please inform us in writing within 28 days.

If the policyholder dies, the policy will be terminated and a pro rata repayment of the current year’s premium will be made if no claims have been filed. We may request a death certificate before a refund is issued. Alternatively, if they wish to, the next named dependant on the Insurance Certificate can apply to become the policyholder and keep the other dependants on their policy. If they apply to do this within 28 days, we will, at our discretion, not add any further special restrictions or exclusions that didn’t already apply at the time of the policyholder’s death.

If a dependant dies, they will be taken off the policy and a pro rata repayment of the current year’s premium for that person will be made, if no claims have been filed. We may request a death certificate before a refund is issued.

Changing your level of cover

If you want to change your level of cover, please get in touch with us before your policy renewal date to discuss your options. Changes to cover can only be made at policy renewal. If you want to increase your level of cover, we may ask you to complete a medical history questionnaire and/or to agree to certain exclusions or restrictions to any additional cover before we accept your application. If an increase in cover is accepted, an additional premium amount will be payable and waiting periods may apply.

Changing country of residence

It is important to let us know when you change your country of residence. This may affect your cover or premium, even if you are moving to a country within your geographical area of cover, as your existing plan may not be valid there.

Contact us to check if your cover is valid in the country you are moving to:

Ⓔ underwriting@allianzworldwidecare.com

Cover in some countries is subject to local health insurance restrictions, particularly for residents of that country. It is your responsibility to ensure that your health cover is legally appropriate. If you are not sure, please get independent legal advice, as we may no longer be able to cover you. The cover we provide is not a substitute for local compulsory health insurance.

Changing your postal address or email address

We will send all correspondence to the address we have on record for you unless requested otherwise. You need to inform us in writing as soon as possible of any change in your home, business or email address.

Continuation of cover

If you are in receipt of continued coverage from us in accordance with Article 4 of Law No. 89-100 dated 31st December, 1989 (as amended by Act No. 94-678 dated 8th August 1994) ('Loi Evin'), we may require, at our discretion, you (or any dependant benefitting from such continued coverage) to prove your/their entitlement to such continued cover. If you are in receipt of continued coverage you shall immediately notify us in the event that your entitlement to continued cover changes, including where you lose your entitlement to disability, incapacity, retirement or income substitution benefits. You should notify us of any such changes by registered letter within 14 days of the date you became aware of same.

Correspondence

When you write to us, please use email or post (with the postage paid). We do not usually return original documents to you, but if you ask us to, we will.

Renewing your cover

Subject to "Reasons your membership would end", your policy will automatically renew at the end of every Insurance Year, if:

- The plan or plan combination selected is still available
- We can still provide cover in your country of residence
- All premiums due to us have been paid
- The payment details we have for you are still valid on the policy renewal date. Please update us if you get a new/replacement credit card or if your bank account details have changed.

As part of this automatic process, one month before the renewal date, you will receive a new Insurance Certificate along with details of any policy changes. If you don't receive your Insurance Certificate one month before your renewal date, please notify us.

Changes that we may apply at renewal

We have the right to apply revised policy terms and conditions, effective from the renewal date. The policy terms and conditions and the Table of Benefits that exist at renewal will apply for the duration of the Insurance Year. We may change the premium, benefits and rules of your membership on your renewal date, including how we calculate/determine premiums and/or the method or frequency of payment. These changes will only apply from your renewal date, regardless of when the change is made and we will not add any restrictions or exclusions which are personal to a member's cover in relation to medical conditions that started after their policy's inception, provided that they gave us the information we asked them for before incepting and they have not applied for an increase in their level of cover.

We will write to tell you about any changes. If you do not accept any of the changes we make, you can end your membership and we will treat the changes as not having been made if you end your membership within 30 days of the date on which the changes take effect, or within 30 days of us telling you about the changes, whichever is later.

Your right to cancel

You can cancel the contract in relation to all insured persons, or only in relation to one or more dependants, within 30 days of receiving the full terms and conditions of your policy or from the start/renewal date of your policy, whichever is later. Please note that you cannot backdate the cancellation of your membership.

The contract may also be terminated, on the initiative of the Policyholder, at any time, without fees or penalties at the expiration of a period of 1 year, starting from the first subscription.

The termination takes effect 1 month after the Insurer has received notification by registered letter, single letter, e-mail or other durable medium.

If you wish to cancel, please complete the "Right to change your mind" form which was included in your welcome/renewal pack. You can send us this form via email:

✉ underwriting@allianzworldwidecare.com

Alternatively, you can post this form to the Client Services Team, using the address provided at the back of this guide.

If you cancel your contract within this 30 day period, you will be entitled to a full refund of the cancelled member(s) premiums paid for the new Insurance Year, provided that no claims have been made. If you choose not to cancel (or amend) your policy within this 30 day period, the insurance contract will be binding on both parties and the full premium owing for the selected Insurance Year will be due for payment, according to the payment frequency that you selected.

Reasons your membership would end

Please remember that your membership (and that of all the other people listed on the Insurance Certificate) will end:

- If you do not pay any of your premiums on, or before, the date they are due. However, we may allow your membership to continue without you having to complete a Confirmation of Health Status Form, if you pay the outstanding premiums within 30 days after the due date.
- If you do not pay the amount of any special tax on insurance contract, taxes, levies or charges that you have to pay under your agreement with us on or before the due date.
- Upon the death of the policyholder. Please see the section on 'Death of the policyholder or a dependant' for further details.
- If there is reasonable evidence that the policyholder or any dependants misled or attempted to mislead us. Examples are: giving false information, withholding pertinent information from us, working with another party to give us false information - either intentionally or carelessly - which may influence us when deciding:
 - whether we accept the application for cover
 - the applicable premium to pay
 - whether we have to pay a claim

Please see the section on 'The following terms also apply to your cover' for further details.

- If you choose to cancel your policy, after giving us written notice within 30 days of receiving the full terms and conditions or from the start/renewal date of your policy, whichever is later. Please see section on 'Your right to cancel' for further details.

If your membership ends for reasons other than for fraud/non-disclosure, we will refund any premiums you have paid which relate to a period after your membership has ended, subject to the deduction of any money which you owe us.

Please note that if your membership ceases, your dependants' cover will also end.

Policy expiry

Please note that upon the expiry of your policy, your right to reimbursement ends. For up to two years after the treatment date, we will reimburse any eligible expenses incurred during the period of cover. However, we will no longer cover any on-going or further treatment that is required after the expiry date of your policy.

Paying premiums

Premiums for each Insurance Year are based on each member's age on the first day of the Insurance Year, their region of cover, the policyholder's country of residence, the premium rates in effect and other risk factors which may materially affect the insurance.

By accepting cover you have agreed to pay the premium amount shown on your quotation, by the payment method stated. You need to pay us in advance for the duration of your cover. The **initial premium** or first premium instalment is payable immediately after we accept your application. **Subsequent premiums** are due on the first day of the chosen payment period. You may choose between monthly, quarterly, half-yearly or annual payments depending on the payment method you choose. When you receive your invoice, please check that the premium matches the amount shown on your agreed quotation and contact us immediately if there is any difference. We are not responsible for payments made through third parties.

You should pay your premium in the currency you selected when applying for cover. If you are unable to pay your premium for any reason, please contact us on:

 +353 1 630 1301

Changes in payment terms can be made at policy renewal, via written instructions, which must be received by us a minimum of 30 days prior to the renewal date. Failure to pay an initial premium or subsequent premium on time may result in loss of insurance cover.

If the initial premium is not paid in time, we are entitled to withdraw from the contract for as long as the payment remains outstanding. The insurance contract is deemed to be null and void unless we assert a claim to the premium in court within three months of the commencement date, the policy start date or the conclusion of the insurance contract. If a subsequent premium is not paid in time, we may, in writing and at your expense, set a time limit of not less than two weeks for you to pay the amount due. After that, we may terminate the contract in writing with immediate effect and will be exempt to pay benefits.

The effects of termination will cease if you make a payment within one month after the termination or, if the termination was combined with the setting of a time limit, within one month after the expiration of the time for payment, provided that no claims have been incurred in the intervening period.

Paying other charges

If applicable, you may also need to pay the following taxes in addition to your premium:

- Insurance Premium Tax (IPT)
- VAT
- Other taxes such as the Taxe de solidarité additionnelle (TSA), levies or charges relating to your cover that we may have to pay or collect from you by law

These charges may already be in effect when you join but they could be introduced (or change) afterwards. Your invoice will show these taxes. If they change or if new taxes are introduced, we will write to inform you.

In some countries you may also be required to apply withholding tax. If that is the case, it is your responsibility to calculate and pay this amount to the relevant authorities in addition to payment of your full premium to us.

The following terms also apply to your cover

Applicable law:

Your membership is governed by the laws and courts of France, unless otherwise required under mandatory legal regulations. Any dispute that cannot otherwise be resolved will be dealt with by courts in France.

Economic sanctions: Cover is not provided if any element of the cover, benefit, activity, business or underlying business violates any applicable sanction law or regulations of the United Nations, the European Union or any other applicable economic or trade sanction law or regulations.

The amounts we will pay: Our liability to you is limited to the amounts indicated in the Table of Benefits and any policy endorsements. The amount reimbursed, whether under this policy, public medical scheme or any other insurance will not exceed the figure stated on the invoice.

Who can make changes to your policy: No-one, except an appointed representative is allowed to make changes to your policy on your behalf. Changes are only valid when confirmed in writing by us.

When cover is provided by someone else: We may decline a claim if you or any of your dependants are eligible to claim benefits from:

- A public scheme
- Any other insurance policy
- Any other third-party

If that is the case, you need to inform us and provide all necessary information. You and the third party cannot agree any final settlement or waive our right to recover expenses without our prior written agreement. Otherwise, we are entitled to get back from you any amount we have paid and to cancel your cover.

We have the right to claim back from a third party any amount we paid for a claim, if the costs were due from or also covered by them. We may take legal proceedings in your name, at our expense, to achieve this. This is called subrogation.

We will not make a contribution to any third-party insurer if the costs are fully or partly covered by that insurer. However, if our plan covers a higher amount than the other insurer, we'll pay the amount not covered by them.

Circumstances outside of our control (force majeure): We will always do our best for you, but we are not liable for delays or failures in our obligations to you caused by things which are outside of our reasonable control. Examples are extremely severe weather, floods, landslides, earthquakes, storms, lightning, fire, subsidence, epidemics, acts of terrorism, outbreaks of military hostilities (whether or not war is declared), riots, explosions, strikes or other labour unrest, civil disturbances, sabotage and expropriation by governmental authorities.

Fraud:

- a) The information you and your dependants give us, e.g. on the Application Form or supporting documents, needs to be accurate and complete. If it isn't correct or if you don't tell us about things that may affect our underwriting decision, it may invalidate your policy from the start date. You also need to tell us about any medical conditions that arise between completing the Application Form and the start date of the policy. Medical conditions that you don't tell us about will most likely not be covered. If you're not sure whether certain information is relevant to underwriting, please call us and we'll be able to clarify that. If the contract is rendered void due to incorrect disclosure or non-disclosure of any material facts, we will refund the premium amount(s) paid to date minus the cost of any medical claims already paid. If the cost of claims exceeds the balance of the premium, we will seek reimbursement of this amount from the principal member.
- b) We will not pay any benefits for a claim if:
- The claim is false, fraudulent or intentionally exaggerated.
 - You or your dependants or anyone acting on your or their behalf use fraudulent means to obtain benefit under this policy.

The amount of any claim we paid to you before the fraudulent act or omission was discovered will become immediately owing to us. If the contract is rendered void due to false, fraudulent, intentionally exaggerated claims or if fraudulent means/devices have been used, premium will not be refunded, in part or in whole, and any pending claims settlements will be forfeited. In the event of fraudulent claims, the contract will be cancelled from the date of our discovery of the fraudulent event.

Cancellation: We are entitled to cancel your policy where you have not paid the full premium due and owing as set out in the 'Paying premiums' section. In the event of cancellation in the above case, we will refund the premium paid on a pro rata basis. You are entitled to cancel your policy:

- a) With effect from the next renewal date by giving us a minimum of 2 month notice by registered letter. Termination will take effect from the next renewal date.
- b) In the event of a reduction in insurance risk, if we do not agree to a consequent reduction of the premium. Termination will take effect 30 days following such refusal by us. This clause does not apply in circumstances where an insured person's state of health has changed.

You may notify us of your intention to cancel your policy either by “déclaration faite contre récépissé” (a declaration which confirms your intention to cancel the policy), or “acte extrajudiciaire” (written confirmation by a notary, confirming your intention to cancel your policy), or by registered letter.

Making contact with dependants: In order to administer your policy, we may need to request further information. If we need to ask about one of your dependants (e.g. when we need to collect an email address for an adult dependant), we may contact you as the person acting on behalf of the dependant, and ask you for the relevant information, provided it is not sensitive information. Similarly, for the purposes of administering claims, we may send you non-sensitive information that relates to a family member.

Mediation

1. Any differences in respect of medical opinion in connection with the results of an accident or medical condition must be notified to us within nine weeks of the decision. Such differences will be settled between two medical experts appointed by you and us in writing.
2. If differences cannot be resolved in accordance with Clause 1 above, the parties will attempt to settle by mediation in accordance with the Centre for Effective Dispute Resolution (CEDR) Model Mediation Procedure any dispute, controversy or claim arising out of or relating to this Agreement or the breach, termination or invalidity thereof where the value is €500,000 or less and which cannot be settled amicably between the parties. The parties will endeavour to agree on the appointment of an agreed Mediator. If the parties fail to agree the appointment of an agreed Mediator within 14 days, either party, upon written notice to the other party, may apply to CEDR for the appointment of a Mediator.

To initiate the mediation, a party must give notice in writing (Alternative Dispute Resolution (ADR) Notice) to the other Party to the dispute, requesting mediation. A copy of the request should be sent to CEDR. The mediation will start no later than 14 days after the date of the ADR notice. No Party may commence court proceedings/arbitration relating to any dispute pursuant to this Clause 2 until it has attempted to settle the dispute by mediation and either the mediation has terminated or the other Party has failed to participate in the mediation (provided that the right to issue proceedings is not prejudiced by a delay). The mediation will take place in Paris (France). The Mediation Agreement referred to in the Model Procedure will be governed by, and construed and take effect in accordance with the laws of France. The Courts of France will have exclusive jurisdiction to settle any claim, dispute or matter of difference which may arise out of, or in connection with, the mediation.

3. Any dispute, controversy or claim which is:

- Arising out of or relating to this Agreement (or the breach, termination or invalidity thereof) with a value in excess of €500,000, or
- Referred to mediation pursuant to Clause 2 but not voluntarily settled by mediation within three months of the ADR Notice date

will be determined exclusively by the Courts of the country of the Applicable Law and the parties will submit to the exclusive jurisdiction of those courts. Any proceedings brought pursuant to this Clause 3 will be issued within nine calendar months of the expiration date of the aforementioned three month period.

Legal action

The provisions relating to the limitation of actions arising from the insurance policy are laid down by Articles L.114-1 to L.114-3 of the French Insurance Code reproduced below:

Article L.114-1 of the French Insurance Code:

All legal actions arising from an insurance policy will be barred two years as from the event that gave rise thereto.

However, such a period will run:

1. in the event of non-disclosure, omission, fraudulent representation or misrepresentation of the risk incurred, only as from the date on which the Insurer is aware thereof;
2. in the event of a claim, only as from the date the persons concerned are aware thereof, if they prove that they were unaware of such facts until then.

When the Covered Person's action against the Insurer arises from a third party's recourse, the limitation period will run only from the date on which such third party brings a legal action against the Covered Person or this one has paid its compensation.

Article L.114-2 of the French Insurance Code:

The limitation period will be interrupted by one of the ordinary causes that interrupt the limitation period and by the designation of experts following a claim. The limitation period of the legal action may also be interrupted by the Insurer sending the Covered Person a registered letter with acknowledgement of receipt in respect of the action for payment of the premium and by the Covered Person to the Insurer in respect of the settlement of the claim.

Article L.114-3 of the French Insurance Code:

By way of derogation from Article 2254 of the French Civil Code, under no circumstance will the limitation period be amended or further causes of suspension or interruption be added by the contracting parties, even if agreed by mutual agreement.

Further information

The ordinary causes of interruption of the limitation period are set out in Articles 2240 et seq. of the French Civil Code; they include in particular: the debtor's acknowledgement of the right of the person against whom he/she applies the limitation period; a service of process, even provisionally; enforcement proceedings. For more information about the completeness of the ordinary causes of interruption of the limitation period, see the aforementioned Articles of the French Civil Code.

The hospital accommodation benefit only applies when the hospitalisation is not related to any other in-patient benefit shown on the Table of Benefits. For example, if a member is hospitalised for cancer treatment, the hospital accommodation will be covered under the oncology benefit, and not under the hospital accommodation benefit. Examples of benefits that already include hospital accommodation (if included in your plan) are: Psychiatry and psychotherapy, Organ transplant, Oncology, Routine maternity, Palliative care and Long-term care.

Medical evacuation applies in the following scenarios:

- If the necessary treatment you are covered for is not available locally
- If adequately screened blood is unavailable in an emergency

We will evacuate you to the nearest appropriate medical centre (which may or may not be in your home country) by ambulance, helicopter or aeroplane. The medical evacuation should be requested by your doctor, and will be carried out in the most economical way that is appropriate to your medical condition. Following completion of treatment, we will also cover the cost of your return trip at economy rates to your principal country of residence.

If you can't travel or be evacuated for medical reasons following discharge from an in-patient episode of care, we will cover the reasonable cost of hotel accommodation in a private en-suite room for up to seven days. We do not cover costs for hotel suites, four or five-star hotel accommodation or hotel accommodation for an accompanying person.

If you are evacuated to the nearest appropriate medical centre for ongoing treatment, we will cover the reasonable cost of hotel accommodation in a private en-suite room. This cost must be more economical than the cost of a series of journeys between the nearest appropriate medical centre and your principal country of residence. Hotel accommodation for an accompanying person is not covered.

Where adequately screened blood is not available locally, we will, where appropriate, try to locate and transport screened blood and sterile transfusion equipment, if this is advised by the treating doctor and our own medical experts. We and our agents accept no liability if we are unsuccessful or if contaminated blood or equipment is used by the treating authority.

You must contact us at the first indication that you need an evacuation. From this point onwards, we will organise and coordinate the evacuation until you arrive safely at your destination of care. If evacuation services are not organised by us, we reserve the right to decline all costs incurred.

Medical repatriation is an optional level of cover and where provided will be shown in the Table of Benefits. If the necessary treatment for which you are covered isn't available locally you can choose to be medically evacuated to your home country for treatment, instead of to the nearest appropriate medical centre. This only applies when your home country is within your geographical area of cover. Following completion of treatment, we will also cover the cost of your return trip at economy rates, to your principal country of residence. The return journey must take place within one month after treatment has been completed.

You must contact us at the first indication that repatriation is required. From this point onwards we will organise and coordinate all stages of the repatriation until you arrive safely at your destination of care. If the repatriation is not organised by us, we reserve the right to decline all costs incurred.
