

# Employee Benefit Guide

**Summit for Malaysia**  
International healthcare plans

Valid from 1<sup>st</sup> August 2025

# Welcome

You and your family can depend on us, as your international health insurer, to give you access to the best care possible.

This guide has two parts: 'How to use your cover' is a summary of all important information you are likely to use on a regular basis; 'Terms and conditions of your cover' explains your cover in more detail.

To make the most of your international healthcare plan, please read this guide together with your Insurance Certificate and Table of Benefits.

The Insurer is Allianz Life Insurance Malaysia Berhad with its registered address at Level 29, Menara Allianz Sentral, 203, Jalan Tun Sambanthan, Kuala Lumpur Sentral, 50470 Kuala Lumpur, Malaysia. Company No. 198301008983 (104248-X).

This policy is supported by AWP Health & Life SA, trading as Allianz, a limited company governed by the French Insurance Code and acting through its Irish Branch. Part of the Allianz Group, AWP Health & Life SA is registered in France: No. 401 154 679 RCS Bobigny. Irish Branch is registered in the Irish Companies Registration Office, registered No: 907619, address: 15 Joyce Way, Park West Business Campus, Nangor Road, Dublin 12, Ireland. AWP Health & Life SA provides administration services and technical support for the policy.

# How to use your cover

## Support services

### **Talk to us, we love to help!**

Our multilingual Helpline is available 24 hours a day, 7 days a week, to handle any questions about your policy or if you need assistance in an emergency.

### **Helpline**

Phone: **+603 9212 7817**

For our latest list of toll-free numbers, please visit:

[www.allianzcare.com/en/pages/toll-free-numbers.html](http://www.allianzcare.com/en/pages/toll-free-numbers.html)

Email: [asia.helpline@e.allianz.com](mailto:asia.helpline@e.allianz.com)

### **Did you know...**

...that most of our members find that their queries are handled quicker when they call us?

## Support when you need it most

Certain circumstances in life can be distressing, and not having the right support can make the insurance journey more challenging.

Our dedicated team is here to support you. We encourage you to disclose any additional support needs you may have with confidence – we will make reasonable adjustments where necessary, ensuring you have easy access to our products and services.

If you need to report a potential need, request specific adjustments in our communication, or nominate someone to interact with us on your behalf, please contact our team at [enhancedsupport@e.allianz.com](mailto:enhancedsupport@e.allianz.com) or fill out the online form available at our Enhanced Support page on our website: [www.allianzcare.com/en/support/support-when-you-need-the-most.html](http://www.allianzcare.com/en/support/support-when-you-need-the-most.html)

## MyHealth digital services

Through MyHealth, available as a mobile app and online portal, you have easy and convenient access to your cover, no matter where you are or what device you are using.

### MyHealth app and online portal features

#### My policy

Access your policy documents and membership card on the go.

#### My claims

Submit your claims in three simple steps and view your claims history.

#### My contacts

Access our 24/7 multilingual Helpline. Live chat is also available on the online portal.

#### Symptom checker

Get a quick and easy assessment of your symptoms.

#### Provider finder

Locate medical providers nearby.

#### Pharmacy aid

Look up the local equivalent names of branded drugs.

#### Medical term translator

Translate names of common ailments into 17 languages.

#### Emergency contact

Access local emergency numbers worldwide.

## Additional useful features

- Update your details online: email, phone number, password, address (if it's the same country as the previous address), marketing preferences, etc.
- View the remaining balance of each benefit that is in your Table of Benefits.

All personal data within MyHealth digital services is encrypted for data protection.

### Getting started:

1. Login to MyHealth online portal to register. Go to [my.allianzcare.com/myhealth](https://my.allianzcare.com/myhealth), click on 'REGISTER HERE' near the bottom of the page and follow the on-screen instructions. Be ready to provide your policy number, which you can find in your Insurance Certificate.
2. As an alternative, you can register via our MyHealth App. To download it, search for 'Allianz MyHealth' on the Apple App Store or Android's Google Play service.

3. Once set up, you can use the email (username) and password you provided during registration to login to MyHealth online portal or app. The same login details are used for both and in the future, if you change login details for one, it will automatically apply to the other. You don't need to change them in both places. We also offer a biometric login option for the app, for example Touch ID or Face ID, where supported by your device.

For more information, please visit [www.allianzcare.com/en/myhealth.html](https://www.allianzcare.com/en/myhealth.html)

## Web-based services

On [www.allianzcare.com/members](http://www.allianzcare.com/members) you can:

- search for medical providers. While you are not restricted to using the providers listed in our directory, we recommend doing so to take advantage of direct settlement.
- download forms.
- access our Health and Wellness Library.
- access our 'My expat life' hub – from planning to move, to settling down in your new country, you'll find everything you need to know about moving overseas.

## Second Medical Opinion\*\*

As your health partner, we aim to provide reassurance. Have you been diagnosed with a serious illness or had surgery recommended? Do you want expert help on the best treatment options available and where to get the most appropriate treatment? As part of your cover, you have access to our Second Medical Opinion service.

When you access this service, we assign to you a dedicated case manager, i.e. a healthcare professional from our own Medical Team to guide and assist you. Your case manager will ask you to provide all the necessary information about your medical case. Then, they will help you find a hospital, doctor or specialist for the Second Medical Opinion and provide the opinion to you.

To access our service, simply contact us:

**+353 1 630 1301**

[medical.smo@e.allianz.com](mailto:medical.smo@e.allianz.com)

...and ask for the Second Medical Opinion service. You will need to state your policy number for identification.

## Member services included in your cover

Your policy doesn't just cover your medical expenses. It also includes a range of free member services. Check your Table of Benefits to confirm which ones are included in your cover.

### Olive – our health and wellness programme

Designed to motivate and guide you towards a healthier life. It includes access to:

- **Health and Wellness Hub**, offering online health assessments, webinars on wellbeing delivered by specialists, articles on topics such as sleep and nutrition, etc.
- **Our fitness app**, connecting with smart phones, wearable devices and other apps to monitor the number of steps taken, calories burned, sleep schedule and more. You can also join challenges with other users, and/or set up wellness goals and plans for yourself.
- **Mind coaching app**, your chat bot buddy to discuss your feelings with. You can also chat with a human coach, if you want a more personal touch.

### TeleHealth Hub — video consultation services

If your plan includes cover for video consultation services, you have direct access to online doctor appointments. With TeleHealth Hub, you can save time by seeing a doctor via video from the comfort of your home or office. Offering a secure and confidential service, our telehealth network of doctors can provide medical advice, recommend treatments and offer prescriptions for non-emergency concerns. Prescriptions will be available if your plan covers them and if the local regulation allows.

Do you find this guide useful?

Complete our  
short survey

## EAP — Employee Assistance Programme

When challenging situations arise in life or at work, our EAP provides you and your dependants with confidential support. The service includes:

- **Confidential professional counselling** via phone, video or in person, on topics such as stress, work/life balance, parenting, anxiety, cultural shock, addiction concerns, etc.
- **Legal and financial referral services**, for example, to help buy a home, handle a legal dispute or create a financial plan.

Please note that this service is not suitable for minors who are below the local legal age of consent, and does not include group therapy, such as family therapy.

## Travel Security Services

24/7 access to personal security information and advice for your travels, helpful as the world continues to witness an increase in security treats. You can access:

- **Emergency hotline**, to talk to a specialist for any safety concerns associated with your travel destination.
- **Country intelligence**, which offers information and advice about many countries.
- **Daily security news updates**, to receive email alerts about high-risk events in or near your location, including terrorism or severe weather risks.

To know more or to access the above member services, visit:

[www.allianzcare.com/en/support/member-resources.html#care](http://www.allianzcare.com/en/support/member-resources.html#care)

*\*\* Certain services that may be included in your plan are provided by third party providers outside the Allianz Group, such as the Employee Assistance Programme, Travel Security services, fitness app, Second Medical Opinion and tele-medicine services. If included in your plan, these services will show in your Table of Benefits. These services are made available to you subject to your acceptance of the terms and conditions of your policy and the terms and conditions of the third parties. These services may be subject to geographical restrictions. The fitness app does not provide medical or health advice and the wellness resources contained within Olive are for informational purposes only. The fitness app and the wellness resources contained within Olive shouldn't be regarded as a substitute for professional advice (medical, physical or psychological). They are also not a substitute for the diagnosis, treatment, assessment or care that you may need from your own doctor. You understand and agree that the insurer, its reinsurers and administrators are not responsible or liable for any claim, loss or damage, directly or indirectly resulting from your use of any of these third party services.*

# Understanding how your cover works

## What am I covered for?

You and your dependants are covered for medically necessary treatment and related costs, services and/or supplies as indicated in the Table of Benefits. These are subject to:

- **Policy definitions and exclusions** (available in this guide).
- **Costs being reasonable and customary.** These are costs that are usual within the country of treatment. We will only reimburse medical providers where their charges are in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline or reduce the amount we pay.
- **Terms agreed for pre-existing medical conditions.** Cover for pre-existing medical conditions (including pre-existing chronic conditions) depends on the medical underwriting terms of your policy. For policies with **moratorium**, pre-existing conditions are only eligible for cover once you've completed a continuous 24-month period after your start date, and have not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition during that time.

## Where can I receive treatment?

You can receive treatment in any country within your area of cover, as shown in your Insurance Certificate.

If the treatment you need is available locally but you choose to travel to another country in your area of cover, we will reimburse all eligible medical costs incurred within the terms of your policy; except for your travel expenses.

If the eligible treatment is not available locally, and your cover includes the appropriate 'Medical evacuation' benefit, we will also cover travel costs to

the nearest suitable medical facility. To claim for medical and travel expenses incurred in these circumstances, you will need to complete and submit the Pre-authorisation Form before travelling.

You are covered for eligible costs incurred in your home country, provided that your home country is in your area of cover.

### **What are benefit limits?**

Your cover may be subject to a **maximum plan limit**. This is the maximum we will pay in total for all benefits included in the plan per member, per Insurance Year.

If your plan has a maximum plan limit, it will apply even where:

- the term 'Full refund' appears next to the benefit.
- a specific benefit limit applies – this is when the benefit is capped to a specific amount (e.g. MYR 45,000).

Benefit limits may be provided on a 'per Insurance Year' basis, on a 'per lifetime' basis or on a 'per event' basis (such as per trip, per visit or per pregnancy).

In some instances, in addition to the benefit limit, we will only pay a percentage of the costs for the specific benefit (e.g. 20% up to max. MYR 9,000).

### **Benefit limits related to maternity**

The benefits '**Routine maternity**' and '**Complications of pregnancy and childbirth**' are paid on either a 'per pregnancy' or 'per Insurance Year' basis. Your Table of Benefits will confirm this.

*If your maternity benefits are payable on a 'per pregnancy' basis*

When a pregnancy spans two Insurance Years and the benefit limit changes at policy renewal, the following rules apply:

- In year one – the benefit limits apply to all eligible expenses.

- In year two – the updated benefit limits apply to all eligible expenses incurred in the second year, less the total benefit amount already reimbursed in year one.
- If the benefit limit decreases in year two and we have already paid up to or over this new amount for eligible costs incurred in year one, we will pay no additional benefit in year two.

**Limit for multiple-birth babies, all babies born by surrogacy, and all adopted and fostered children**

There is a limit for in-patient treatment that takes place in the first three months following birth if the baby:

- was born by surrogacy.
- is adopted.
- is fostered.
- is a multiple-birth baby born as a result of medically assisted reproduction.

This limit is MYR 182,250 per child and it applies before any other benefit in your plan. Out-patient treatment is paid under the terms of the Out-patient Plan.

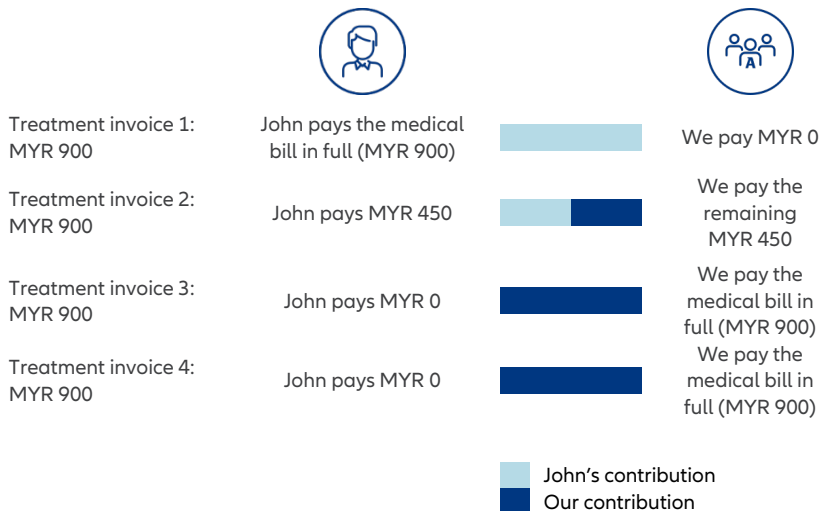

## What are co-payments?

A co-payment is when you pay a percentage of the medical costs. Your Table of Benefits will show whether this applies to your plan. In the following example, Mary requires several dental treatments throughout the year. Her dental treatment benefit has a 20% co-payment, which means that we will pay 80% of the cost of each eligible treatment. The total amount payable by us may be subject to a maximum plan limit.

## What are deductibles?

A deductible (also known in health insurance as an 'excess') is a fixed amount you need to pay towards your medical bills per period of cover before we begin to contribute. Your Table of Benefits will show whether this applies to your plan. In the following example, John needs to receive medical treatment throughout the year. His plan includes a MYR 1,350 deductible.

# Seeking treatment?

We understand that seeking treatment can be stressful. Follow the steps below so we can look after the details while you focus on getting better.

## Step 1. Check your level of cover

First, check that your plan covers the treatment you are seeking. Your Table of Benefits will confirm what is covered. However, you can always call our Helpline if you have any queries.

## Step 2. Confirm if your treatment requires our pre-authorisation

Your Table of Benefits will show which treatments and services require our pre-authorisation (via a Pre-authorisation Form). These are mostly in-patient and high-cost treatments. The pre-authorisation process helps us assess each case, organise everything with the medical provider before your arrival and make direct payment of your medical provider bill easier, where possible.

Unless we and your company agree otherwise, if you submit a claim without obtaining our pre-authorisation, the following will apply:

- If the treatment or service is subsequently proven to be ineligible, **we reserve the right to decline your claim.**
- If the treatment or service is subsequently proven to be eligible, we may only pay a portion of an eligible claim, as indicated in your Table of Benefits.

## Step 3. Use your provider network

We recommend that you use the medical provider network for your

treatments, as it gives you the following advantages:

1. If your treatment requires **pre-authorisation**, your network medical provider may be able to request this on your behalf.
2. You will be able to access **direct settlement for most treatments**.

### **What is direct settlement?**

Direct settlement means that we pay your eligible medical costs directly to your medical provider. However, please note that there might still be amounts that you will have to pay, if your plan includes deductibles or co-payments, or the cost of treatment or service exceeds the benefit limits of your plan.

### **What if direct settlement is not available for my treatment?**

Not all treatment costs can be settled on a direct settlement basis: your network medical provider will inform you when direct settlement is not available. In such instances, you will need to pay your medical provider and then submit a claim to us, as explained in the 'Claiming reimbursement for your out-patient, dental and other expenses' section.

### **What providers are included in my medical network?**

You can confirm the medical providers included in your network by logging into MyHealth digital services. When scheduling an appointment with a network medical provider, please ensure that you state your policy number. You can find this on your membership card.

## How to seek pre-authorisation

If in Step 2 above you have confirmed that your treatment requires pre-authorisation, and you are not attending a medical provider that can organise it for you, please follow the process below:

Download a Pre-authorisation Form from our website:  
[www.allianz.com.my/international-healthcare-for-malaysia](http://www.allianz.com.my/international-healthcare-for-malaysia)

Complete the form and send it to us at least **five working days before treatment**. You can send it by email to [asia.medical@e.allianz.com](mailto:asia.medical@e.allianz.com).

We contact the medical provider to organise direct settlement, where possible.

### If it's an emergency

Get the emergency treatment you need and call us if you need any advice or support.

If you are hospitalised, either you, your doctor, one of your dependants or a colleague needs to call our Helpline (within 48 hours of the emergency) to inform us of the hospitalisation.

We can take Pre-authorisation Form details over the phone when you call us.

We can also take Pre-authorisation Form details over the phone if treatment is taking place within 72 hours. Please note that we may decline your claim if pre-authorisation is not obtained, where required.

## Claiming reimbursement for your out-patient, dental and other expenses

If your treatment expenses are not settled directly with your medical provider, and your treatment does not require our pre-authorisation, you can simply pay the bill and claim the expenses from us as follows:

Receive your medical treatment and pay the medical provider.

Get an invoice from your medical provider. This should state your name, treatment date(s), the diagnosis/medical condition that you received treatment for, the date of onset of symptoms, the nature of the treatment and a detailed breakdown of costs.

Claim back your eligible costs via our MyHealth app or online portal ([www.allianzcare.com/en/myhealth.html](http://www.allianzcare.com/en/myhealth.html)).

Simply enter a few key details, add your invoice(s) and press 'submit'.

### Quick claim processing

Once we have all the information required, we can process and pay a claim within 48 hours. However, we can only do this if you have told us your diagnosis, so please make sure you include this with your claim. Otherwise, we will need to request the details from you or your doctor.

We will email or write to you to let you know when the claim has been processed.

## Evacuations and repatriations

At the first indication that you need medical evacuation or repatriation, please contact our 24 hour Helpline and we will take care of it. Given the urgency, we would advise you to call if possible. However, you can also contact us by email. If emailing, please write 'Urgent – Evacuation/Repatriation' in the subject line.

Please contact us before talking to any providers, even if they approach you directly, to avoid excessive charges or unnecessary delays in the evacuation. In the event that evacuation/repatriation services are not organised by us, we reserve the right to decline the costs.

**+603 9212 7817**

[asia.medical@e.allianz.com](mailto:asia.medical@e.allianz.com)

## Seeking treatment in the USA

If you have worldwide cover, we offer you simple access to medical care in the USA, through our local third-party partner, supporting your access to medical providers in the country.

To access treatment in the USA, simply show your membership card: your medical provider will then contact our third-party partner to sort any paperwork related to your treatment. We will pay the cost of your eligible treatment directly to your medical provider, if applicable; if you are responsible for any part of the costs, your provider will let you know.

For queries or requests for assistance related to treatment in the USA, please find all contact details on the back of your membership card.

## For a prescription

If your plan includes access to the Caremark's pharmacy network, you can obtain certain drugs and pharmacy products at these US pharmacies on a cashless basis. All details you need to access the Caremark pharmacy network will be shown either on your membership card or on a separate Caremark card.

Show your membership card (or the separate Caremark card) to the Caremark network pharmacy. The pharmacist will tell you if you need to pay any part of the costs, for example if there is a co-payment. Please ensure that the prescriptions have the date of birth of the person that the prescription is for.

## **Additional information about claiming for your expenses**

### **Medical claims**

Before submitting a claim to us, please pay attention to the following points:

- **Claiming deadline:** You must submit all claims (via our MyHealth app or online portal) no later than six months after the end of the Insurance Year. If cover is cancelled during the Insurance Year, you should submit your claim no later than six months after the date that your cover ended. After this time, we are not obliged to settle the claim.
- **Claim submission:** You must submit a separate claim for each person claiming and for each medical condition being claimed for.
- **Direct settlement of medical invoices:** If we make a payment directly to your medical provider for your medical costs and later we determine that your direct settlement claim is not eligible, we reserve the right to recover the full claim amount from you.
- **Supporting documents:** When you send us copies of supporting documents (e.g. medical receipts), please make sure you keep the originals. We have the right to request original supporting documents/receipts for auditing purposes up to 12 months after settling your claim. We may also request proof of payment by you (e.g. a bank or card statement) for medical bills you have paid. We advise that you keep copies of all correspondence with us as we cannot be held responsible for correspondence that fails to reach us for any reason outside of our control.
- **Deductibles:** If the amount you are claiming is less than the deductible

figure in your plan, you can either:

- collect all out-patient receipts until you reach an amount that exceeds this deductible figure.
- send us each claim every time you receive treatment. Once you reach the deductible amount, we'll start reimbursing you.

Attach all supporting receipts and/or invoices with your claim.

If you have insurance cover with another healthcare insurer, and the same in-patient or day-care treatment is eligible under both your plan with the other insurer and your healthcare plan with us:

- you can obtain a reimbursement from the other insurer and request that the amount paid by them is accepted as a contribution to the deductible amount on your healthcare plan with us.
- you can also request that any remaining available benefit limit on your healthcare plan with us is used to cover any deductible or co-payment applied by the other insurer on your claim with them.

When making your request, please send us a copy of a detailed invoice from the hospital or day-care facility, along with a statement or official document confirming the costs paid by the other insurer. Please note that in any case the total amount payable by us remains subject to any applicable benefit limit on your plan with us.

- **Currency and charges:** Please specify the currency you wish to be paid in. On rare occasions, we may not be able to make a payment in that currency due to international banking regulations. If this happens, we will identify a suitable alternative currency. If we have to make a conversion from one currency to another, we will use the exchange rate that applied on the date the invoices were issued. We will cover all charges associated with the payment. However, if your bank applies a fee for receiving funds into your account as part of their terms and conditions, we will not be liable for this fee.
- **Reimbursement:** We will only reimburse (within the limits of your policy) eligible costs after considering any pre-authorisation

requirements, deductibles or co-payments outlined in the Table of Benefits.

- **Reasonable and customary cost:** We will only reimburse charges that are reasonable and customary in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline your claim or reduce the amount we pay.
- **Deposits:** If you have to pay a deposit in advance of any medical treatment, we will reimburse this cost only after treatment has taken place.
- **Providing information:** You and your dependants agree to help us get all the information we need to process a claim. We have the right to access all medical records and to have direct discussions with the medical provider or the treating doctor. We may, at our own expense, request a medical examination by our doctors if we think it's necessary. All information will be treated confidentially. We reserve the right to withhold benefits if you or your dependants do not support us in getting the information we need.

### **Claims for accidental death**

If the 'Accidental death' benefit is included in your healthcare plan, the claim must be reported to us within 90 working days following the date of death of the insured person. As mandated by local regulations, you will need to submit the claim for the accidental death benefit through your Group Scheme Manager. Please note that the claim will be paid to your company.

We will pay all eligible claims, benefits and sums owed in respect of 'Accidental death' benefit to your company, and it will be your company's responsibility to pay them to the beneficiaries. Your company will also be responsible for filing any income tax returns associated with these benefits. We are not responsible for withholding any taxes from such payments, nor for filing any income tax returns associated with these benefits. When your company receives the 'Accidental death' benefit payment from us, our liability automatically ceases.

**Treatment needed as a result of someone else's fault**

If you are claiming for treatment that you need when somebody else is at fault, you must write and tell us as soon as possible. For example, if you need treatment following a road accident in which you are a victim. Please take any reasonable steps we ask of you to obtain the insurance details of the person at fault. We can then recover from the other insurer the cost of the treatment paid for by us. If you are able to recover directly the cost of any treatment that we have paid for, you will need to repay that amount (and any interest) to us.

# Terms and conditions of your cover

## Terms and conditions

This section describes the benefits and rules of your health insurance policy. Please read it together with your Insurance Certificate and Table of Benefits.

- Your **Insurance Certificate** details the plan(s) and geographical area of cover that your company chose for you and your dependants (if applicable). It also states the start date and renewal date of your cover, as well as any special terms that may apply to your policy. Please note that we will send you a new Insurance Certificate if we need to record any changes to your policy. These may be changes that your company requests, changes we are entitled to make or changes to personal information that you request. Please note that our approval is required for some change requests. You can refer to the 'Administration of your policy' section below for more details.
- Your **Table of Benefits** outlines the plan(s) selected by your company and the benefits available to you. It also specifies any benefits/treatments that require you to submit a *Pre-authorisation* Form. It confirms any benefits to which specific benefit limits, waiting periods, deductibles and/or co-payments apply. Your Table of Benefits will be in the currency agreed with your company.

For full details of your company's insurance contract, please contact your company's Group Scheme Manager. Please note that the terms and conditions of your cover may be changed from time to time by agreement between your company and us.

# Administration of your policy

## When cover starts

Your insurance is valid from the start date shown on the Insurance Certificate and will continue until the group renewal date (which is also stated on the Insurance Certificate). Generally, this is one Insurance Year, unless we and your company decide otherwise or if you started your policy mid-year. At the end of this period, your company can renew the insurance on the basis of the policy terms and conditions applicable at that time. You will be bound by those terms.

Cover for dependants (if applicable) will start on the effective date shown on the most recent Insurance Certificate that lists them as your dependants. Their membership may continue for as long as you remain part of the group scheme and, for children, as long as they remain under the defined age limit. Child dependants can be covered under your policy up until the day before their 18th birthday or up until the day before their 26th birthday if they are in full-time education.

## Adding dependants

Are you getting married or having a baby? Congratulations!

You may apply to include any member of your family as a dependant if you are allowed to under the agreement between your company and us. The process is different depending on the type of policy you have:

- Policy with moratorium (MORI), or
- Non-underwritten policy, or
- Policy with CTT/CPME (previously MORI)

Your Insurance Certificate will indicate which type of policy you have; also, you can find definitions of the above types of policies in the 'Definitions' section of this guide.

To add a dependant, simply follow the process described below for your type of policy. Also, if the dependant you want to add is a newborn, please

check the paragraph about 'In-patient treatment limits for newborn dependants' further below.

### **Policies with moratorium AND policies with CTT/CPME (previously MORI)**

To add a family member to your policy, please contact your Group Scheme Manager. Your dependant will need to complete the relevant application form. If accepted, a new moratorium will apply for that dependant, and cover will start from the date specified by your Group Scheme Manager.

However, if the dependant is a newborn, please follow the guidelines below.

#### *How do I add a newborn to my policy?*

Please contact your Group Scheme Manager within four weeks of your child's birth to add them to your policy, and ensure that you provide the birth certificate. Except for multiple birth babies, we will accept the baby without a moratorium if the birth parent or intended parent (in the case of surrogacy) has been insured with us for a minimum of eight continuous months. Cover will start at birth.

#### *What happens if I don't notify you within four weeks?*

If you notify us late and the application for your newborn dependant is accepted, a new moratorium will apply for that dependant and cover will start from the date we agree to add them.

#### *What if I am adding multiple birth babies?*

To add multiple birth babies to your policy, please contact your Group Scheme Manager and complete the relevant application form. We will review the application form and, if accepted, we will confirm the date we agree to add the newborn and whether a new moratorium will apply for them.

### **Non-underwritten policies**

To add a family member as a dependant on your policy, simply notify your company and they will organise it with us.

However, if the dependant you want to add is a newborn, please follow the guidelines below.

### *How do I add a newborn to my policy?*

Newborn infants (including multiple birth babies, babies born by surrogacy, adopted and fostered children) will be accepted for cover from birth, provided that we are notified within four weeks of the date of birth. To have a newborn added to the policy, you must ask your company to submit a request in writing (including a copy of the birth certificate) to us.

### *What happens if I don't notify my company within four weeks?*

If we are notified four weeks or more after the date of birth, newborn children will be accepted for cover from the date of that notification.

## **In-patient treatment limits for newborn dependants**

There is a limit for in-patient treatment that takes place in the first three months following birth if the baby:

- was born by surrogacy.
- is adopted.
- is fostered.
- is a multiple-birth baby born as a result of medically assisted reproduction.

This limit is MYR 182,250 per child and it applies before any other benefit in your plan. Out-patient treatment is paid under the terms of the Out-patient Plan.

## **Changing country of residence**

It is important that you contact our Helpline and notify your Group Scheme Manager to let us know when you change your country of residence. This may affect your cover or premium, even if you are moving to a country within your geographical area of cover, as your existing plan may not be valid there.

In case your country of residence changes to outside of Malaysia, we may not be able to provide you with cover any longer. You should contact your Group Scheme Manager for details.

Cover in some countries is subject to local health insurance restrictions, particularly for residents of that country. It is your responsibility to ensure that your health cover is legally appropriate. If you are not sure, please get independent legal advice, as we may no longer be able to cover you. The cover we provide is not a substitute for local compulsory health insurance.

## Changing your postal address or email address

We will send all correspondence to the address we have on record for you unless requested otherwise. You need to inform us in writing as soon as possible of any change in your home, business or email address.

## Correspondence

When you write to us, please use email or post (with the postage paid). We do not usually return original documents to you, but if you ask us to, we will.

## Renewal of cover

**As your company pays for your premium**, the renewal of your cover (and that of your dependants, if applicable) is the decision of your company.

## Ending your cover

Your company can end your cover or that of any of your dependants by notifying us in writing. We cannot backdate the cancellation of your cover. The termination of your cover and/or any of your dependants will automatically occur in the below scenarios:

- At the end of the Insurance Year, if the Company Agreement between your company and us is terminated, not renewed or expired.
- If your company does not pay premiums or any other payment due under the Company Agreement with us.
- When the employee stops working for the company or if the employee or **dependant** otherwise does not meet the eligibility criteria as outlined in the Company Agreement.
- When the employee or **dependant** commence full-time military service.
- Upon the death of the employee or the **dependant**.

- When a **dependant** ceases to be a dependant of the employee as defined in the policy.
- Upon the child **dependant's** 18th birthday, or their 26<sup>th</sup> birthday if they are in full-time education.

In the scenarios listed above, where the **dependant** is concerned, the cover ends only for the affected dependant, but it continues for the unaffected employee and any other unaffected dependants who are included in the policy. Where the person concerned in the case scenario is the employee, the policy is terminated and cover ends for all persons included in it.

We can end your cover and that of your dependants if there is reasonable evidence that you or they have misled or attempted to mislead us. For example giving us false information, withholding information, or working with another party to give us false information, either intentionally or carelessly, which may influence us when deciding:

- whether you (or they) can join the scheme.
- what premiums your company has to pay.
- whether we have to pay any claim.

## Policy expiry

Please note that upon the expiry of your policy, your right to reimbursement ends. For up to six months after the expiry date, we will reimburse any eligible expenses incurred during the period of cover. However, we will no longer cover any on-going or further treatment that is required after the expiry date of your policy.

It is your responsibility to ensure that any membership card provided to you or your dependants is destroyed immediately when your membership ends. In case you or your dependants obtain treatment following the expiry of membership, we reserve the right to recover the full amount of any treatment expenses from you and/or the company.

## Applying for cover if group membership ends

If your cover under the Company Agreement comes to an end, you may contact us via the email below to apply for an healthcare plans for

individuals, available within Allianz Group. You may be subject to underwriting. If we accept your application, cover will start on the first day after you leave the group scheme.

Email: [individual.sales@allianzworldwidecare.com](mailto:individual.sales@allianzworldwidecare.com)

## Paying premiums

Your company is responsible for paying the premiums for you and your dependants covered under the Company Agreement. Your company may also pay other taxes and charges associated with your cover (such as insurance premium tax). However you may be liable to pay tax in respect of the premiums paid by your company. For details, please check with your company.

## The following terms also apply to your cover

### **Applicable law:**

Your policy is governed by laws of Malaysia unless otherwise required under mandatory legal regulations. Any dispute that cannot otherwise be resolved will be dealt with by courts in Malaysia.

### **Sanctions suspension clause:**

From time to time, we will conduct sanction screening on:

- the companies we insure and their insured persons.
- any personal representatives, trustees, beneficiaries and other persons who are entitled to claim or receive payments or benefits under the Company Agreement and/or any supplementary contract, directly or indirectly.
- any beneficial owner.

Any benefits, cover and claims payments are suspended if any element of

the cover, benefit, activity, business, or underlying business exposes us to:

- any applicable sanction, prohibition or restriction under the United Nations' resolutions, or
- the trade or economic sanctions, laws or regulations of Malaysia, the European Union, United Kingdom, France, Ireland or the United States of America.

The above suspension will continue until such time as we are no longer exposed to any such sanction, prohibition, or restriction.

#### **Who is covered:**

Only those group members (and dependants) as described in the Company Agreement are eligible for cover.

#### **The amounts we will pay:**

Our liability to you is limited to the amounts indicated in the Table of Benefits and any policy endorsements. The total amount reimbursed for a claim, whether under this policy, public medical scheme and/or any other insurance will not exceed the costs incurred by you for your claim.

#### **Who can make changes to your policy:**

No one, except an appointed representative or the Group Scheme Manager is allowed to make changes to your policy on your behalf. Changes are only valid when agreed by your company and us.

#### **When cover is provided by someone else:**

We may decline a claim if you or any of your dependants are eligible to claim benefits from:

- a public scheme.
- any other insurance policy.
- any other third party.

If that is the case, you need to inform us and provide all necessary information, including the submission of any required document, to protect our rights effectively. You and the third party cannot agree any final settlement or waive our right to recover expenses without our prior written agreement. Otherwise, we are entitled to get back from you any amount we have paid and to cancel your cover.

We have the right to claim back from a third party any amount we paid for a claim, if the costs were due from or also covered by them. We may take legal proceedings in your name, at our expense, to achieve this. This is called subrogation.

We will not make a contribution to any third-party insurer if the costs are fully or partly covered by that insurer. However, if our plan covers a higher amount than the other insurer, we'll pay the amount not covered by them.

### **Circumstances outside of our control (force majeure):**

We will always do our best for you, but we are not liable for delays or failures in our obligations to you caused by things that are outside of our reasonable control. Examples are extremely severe weather, floods, landslides, earthquakes, storms, lightning, fire, subsidence, epidemics, acts of terrorism, outbreaks of military hostilities (whether or not war is declared), riots, explosions, strikes or other labour unrest, civil disturbances, sabotage and expropriation by governmental authorities.

### **Cancellation and fraud:**

- For **policies with moratorium**, moratorium cover will still apply even if you tell us about any pre-existing medical conditions you might have. We may apply new terms to the plan, void or cancel it and/or reduce or reject any related claims, based on your new material facts.
- We will not pay any benefits for a claim if:
  - the claim is false, fraudulent or intentionally exaggerated.
  - you or your dependants or anyone acting on your or their behalf use fraudulent means to obtain benefit under this policy.

The amount of any claim we paid to you before the fraudulent act or omission was discovered will become immediately owing to us. We reserve the right to inform your company of any fraudulent activity.

### **Making contact with dependants:**

In order to administer your policy, we may need to request further information. If we need to ask about one of your dependants (e.g. when we need to collect an email address for an adult dependant), we may contact

you as the person acting on behalf of the dependant, and ask you for the relevant information, provided it is not sensitive information. Similarly, for the purposes of administering claims, we may send you non-sensitive information that relates to a family member.

## Data protection

Our Privacy Notice explains how we protect your privacy and process your personal data. You must read it before sending us any personal data. To read our Privacy Notice visit:

[www.allianz.com.my](http://www.allianz.com.my)

## Complaints procedure

Our Helpline is always the first number to call if you have any comments or complaints. If we can't resolve the problem on the phone, please email us.

Phone: +603 9212 7817

Email: [asia.helpline@e.allianz.com](mailto:asia.helpline@e.allianz.com)

We will handle your complaint according to our internal complaint management procedure. For details see:

[www.allianzcare.com/complaints-procedure](http://www.allianzcare.com/complaints-procedure)

You can also contact our Helpline to obtain a copy of this procedure.

## Definitions

The following definitions apply to our Healthcare Plans. The benefits you are covered for are listed in your Table of Benefits. If your plan includes any benefit not defined below, the definition will appear in the 'Notes' section at the end of your Table of Benefits. Wherever these words/phrases appear in your policy documents (e.g Company Agreement etc.), they will always have the following meanings:

### **Accident**

Sudden, unexpected event that causes injury and is due to a cause external to the insured person. The cause and symptoms of the injury must be medically and objectively definable, allow for a diagnosis and require therapy.

### **Accidental death benefit**

Amount shown in the Table of Benefits that becomes payable if an insured person, aged 18 to 70, dies as a result of an accident (including an industrial injury), if the accident occurs during the period of insurance, and the insured person dies within 365 days of the date of the accident.

### **Accommodation costs for one parent staying in hospital with an insured child under 18**

Hospital accommodation costs of one parent or legal guardian for the duration of the insured child's admission to hospital for eligible treatment. If a suitable bed is not available in the hospital, we will contribute the equivalent of the daily room rate in a three-star hotel towards any hotel costs incurred. We do not cover sundry expenses such as meals, phone calls or newspapers. Please check your Table of Benefits to confirm whether an age limit applies with regard to the child.

### **Acute**

Sudden onset of symptoms or a medical condition.

### **Acute medical condition**

Medical condition that is brief, has a definite end point, and, in our reasonable opinion, based on advice or general advice can be cured by treatment.

### **Annual hearing examination**

Examinations/checks performed or prescribed by a specialist and undertaken without any clinical symptom being present. If this benefit is available in your plan, we cover one examination per Insurance Year. The following services are covered under the benefit:

- Consultation
- Pure tone audiometry screening
- Tympanometry

### **Bariatric surgery**

Surgical procedures intended for weight loss due to medical necessity. This includes all pre- and post-surgical assessments, consultations and any complications thereafter, up to the benefit limit. The surgical procedures we cover include gastric bypass surgery, sleeve gastrectomy surgery, biliopancreatic diversion (with or without duodenal switch) and laparoscopic adjustable silicone gastric banding surgery only. Cover is only provided where all the following conditions are met:

- You have a BMI of 40 or above, or a BMI between 35 and 40 in addition to two of the following significant diagnoses that could be improved with weight loss: Hypertension, Type 2 Diabetes Mellitus, Hypercholesterolemia, Ischemic Heart Disease.
- You have tried all appropriate non-surgical measures but have failed to achieve or maintain adequate, clinically beneficial weight loss for at least one year. All efforts and compliance with healthy eating and regular exercise need to be proven to our medical team.
- You have received, or will be receiving, intensive management in a specialist obesity service. We reserve the right to determine if an obesity clinic/bariatric surgeon qualifies as a reasonable specialist obesity service.
- You commit to the need for long-term follow-up and supervision.

We reserve the right to decline cover for bariatric surgery if we determine it is not medically necessary.

Cover for complications is available only if the original bariatric surgery was covered by this policy. We do not cover gastric balloon surgery/treatment, vagus nerve blocking systems or other surgical procedures not listed above.

### **Burial expenses**

The cost of burials or cremation that take place outside the home country or principal country of residence. It doesn't include related ceremonial costs such as food and beverage, travel, accommodation, flowers and sympathy cards.

### **Cancer screening**

Health checks, tests and examinations for the early detection of illness or disease, performed at appropriate age intervals, without any clinical symptoms being present. To be covered, you

need to receive the cancer screening services at a licensed medical institution or a licensed health examination institution, or under the guidance of a doctor in an appropriate setting and in accordance with the international clinical practice guidelines.

### **Chronic condition**

Sickness, illness, disease or injury that lasts longer than six months or requires medical attention (such as check-up or treatment) at least once a year. It also has one or more of the following characteristics:

- Is recurrent in nature.
- Is without a known, generally recognised cure.
- Is not generally deemed to respond well to treatment.
- Requires palliative treatment.
- Leads to permanent disability.

Please refer to the 'Notes' section of your Table of Benefits to confirm whether chronic conditions are covered.

### **Company**

Your employer as named in the Company Agreement.

### **Company Agreement**

The agreement we have with your employer, through which you and your dependants are insured with us. This agreement sets out the terms and conditions of the policy and defines who can be covered, when cover begins, how it is renewed, how premiums are paid, etc.

### **Complementary treatment**

Treatment that exists outside of traditional Western medicine. Please refer to your Table of Benefits to confirm whether any of the following complementary treatment methods are covered: chiropractic treatment, osteopathy, podiatry, homeopathy, Chinese herbal medicine (excluding Chinese herbal supplements), acupuncture, Tui na, cupping, bone setting and ayurvedic treatment as practised by approved therapists. If available, consultation costs will also be covered under this benefit.

Your therapist needs to provide a progress report and a treatment plan for your condition after every four sessions.

### **Complications of childbirth**

Medically necessary caesarean sections, post-partum haemorrhage and retained placental membrane only. This includes hospital charges, specialist fees and midwife fees related to the childbirth. For caesarean sections that are not medically necessary, please see the 'Routine maternity' definition.

### **Complications of pregnancy**

Medically necessary treatment for gestational diabetes, pre-eclampsia, stillbirth and hydatidiform mole, where related to the health of the mother during the pre-natal stages of pregnancy. Please note that where an ectopic pregnancy, miscarriage or threatened miscarriage arises, cover is provided under the member's non-maternity healthcare benefits. Other pre-natal costs are covered under the 'Routine maternity' benefit.

### **Congenital conditions**

Any abnormality, deformity, disease, disorder, illness, malformation, defect, anomaly or injury that is hereditary or acquired before or during birth. A congenital condition can be diagnosed at birth or later in life.

### **Co-payment**

The percentage of the costs that you must pay. E.g. if a benefit has an 80% refund, this means that a co-payment of 20% applies, therefore we will pay 80% of the costs of each eligible treatment per insured person, per Insurance Year. Video consultation services are not subject to co-payment when accessed via the TeleHealth Hub.

### **CPME/CTT**

Continuous Personal Medical Exclusions (CPME) and Continuous Transfer Terms (CTT). These acronyms refer to the continuation of the same underwriting terms, including any special exclusions and/or surcharges, that applied with your previous insurer. You will not be subject to any new personal underwriting terms. Cover will still be governed by the benefits, terms and conditions of the plan with us. The underwriting terms with us can be CPME/CTT previously MORI. See the 'CPME/CTT previously MORI' definitions for more information.

### **CPME/CTT previously MORI**

The continuation of your moratorium start date if you had moratorium underwriting terms with a previous insurer. Cover will still be governed by the benefits, terms and conditions of the plan with us.

### **Day-care treatment**

Planned treatment received in a hospital or day-care facility during the day, including a hospital room and nursing, that does not medically require the patient to stay overnight and where a discharge note is issued.

### **Deductible**

Also referred to as 'excess' in health insurance. It is the part of the cost that is payable by you and that we deduct from the amount we will pay.

Where deductibles apply, they are payable per person per Insurance Year, unless your Table of Benefits states otherwise.

### **Dental implants**

Prostheses that interface with the bone of the jaw or the skull to support a dental prosthesis such as a crown, bridge or denture, along with the related surgical treatment. When submitting claims for dental implants, please include both pre-treatment and post-treatment X-rays.

### **Dental practitioner**

A person who:

- has attained primary degrees in dentistry and/or dental surgery by attending a dental and/or medical school recognised by a relevant accredited professional body, and
- is licensed by the relevant authority to practice dentistry and/or dental surgery in the country where the treatment is given.

### **Dental prescription drugs**

Drugs prescribed by a dentist for the treatment of dental inflammation or infection. The prescription drugs must be proven to be effective for the condition and recognised by the pharmaceutical regulator in a given country. They do not include mouthwashes, fluoride products, antiseptic gels and toothpastes.

### **Dental prostheses**

Crowns, inlays, onlays, adhesive reconstructions/restorations, bridges and dentures as well as all necessary and ancillary treatments required. Cover also extends to medically necessary guards/splints, provided they are not related to bruxism or protection against impact injury. Dental implants are not covered under the 'Dental prostheses' benefit, but may be included in your cover under a separate 'Dental implants' benefit.

### **Dental surgery**

Oral and tooth-related surgeries, such as the surgical extraction of teeth (including impacted teeth), apicoectomy and the surgical removal of cysts. This benefit also covers treatment needed to support dental surgery, including dental prescription drugs and investigative procedures like laboratory tests, X-rays, CT and MRI scans that establish the need for dental surgery. Please note that dental surgery does not cover surgical treatment related to dental implants.

Surgical treatment for temporomandibular joint disorders, facial bone fractures, congenital jaw deformities, salivary gland diseases and tumours is covered within the relevant benefit limits of the Core Plan. Orthognathic surgery for the correction of malocclusion is also covered within these limits, but cover is provided only if the 'Orthodontic treatment' benefit is also included on your Dental plan.

### **Dental treatment**

Routine, preventive and restorative dental treatment, including, but not limited to, routine check-ups, routine scaling and polishing, simple fillings for cavities or decay, root canal treatment, simple extractions and dental prescription drugs.

Treatment for temporomandibular joint disorders (excluding guards/splints and orthodontic treatment), facial bone fractures, congenital jaw deformities, salivary gland diseases and tumours is covered within the relevant benefit limits of the Core Plan and the Out-patient Plan (if you have one).

### **Dependant**

Your spouse or partner and unmarried children that are named as dependants on your Insurance Certificate. Children are covered up to the day before their 18th birthday; or up to the day before their 26th birthday if they are in full-time education.

### **Developmental delay**

Medical investigations and treatment required because of an established cognitive developmental delay of at least 12 months – these are covered if the 'Developmental delay' benefit is included in your plan. The developmental delay, including speech difficulty, late perception, dyslexia and learning difficulties, must be quantitatively measured and documented by qualified medical professionals.

Costs for psychiatry and psychotherapy, speech therapy and occupational therapy will be covered under this benefit up to the limit stated on your Table of Benefits. Counselling sessions will only be covered if they are provided by a qualified counsellor or psychotherapist. We don't cover daily educational support, admissions, stays or day-care treatment at specialised educational facilities.

### **Diagnostic tests**

Investigations such as X-rays or blood tests, carried out for diagnostic purposes. These tests are covered when you are already displaying symptoms or when needed following other medical test results. This benefit does not cover annual check-ups or routine screenings.

### **Dietician fees**

Charges for dietary or nutritional advice provided by a health professional who is registered and qualified to practise in the country where the treatment is received. If included in your plan, cover is only provided in respect of eligible diagnosed medical conditions.

### **Direct family history**

It exists where a parent, grandparent, sibling or child has been previously diagnosed with the medical condition in question.

### **Direct settlement**

Where we settle costs of treatment or services directly with a medical provider in our medical provider network.

## **Doctor**

A person who is licensed to practise medicine under the law of the country in which treatment is given and where they are practising within the limits of their licence.

## **Effective date**

The first day we cover you under the plan during the Insurance Year, as shown on your Insurance Certificate.

## **Elective circumcision for newborn males**

Costs of the elective circumcision surgical procedure undertaken on newborn males within 30 days from birth, as well as any follow-up consultation required.

## **Emergency**

The onset of a sudden and unforeseen medical condition that requires urgent medical assistance. Only treatment commencing within 24 hours of the emergency event will be covered.

## **Emergency in-patient dental treatment**

Acute emergency dental treatment for the relief of pain that is due to a serious accident and requires admission to hospital. The treatment must take place within 24 hours of the emergency event. Cover does not extend to follow-up dental treatment, dental surgery, dental prostheses, orthodontics or periodontics. If cover is provided for these benefits, it will be listed separately in the Table of Benefits.

## **Emergency out-patient dental treatment**

Treatment received in a dental surgery or hospital emergency room for the immediate relief of dental pain caused by an accident or an injury to a sound natural tooth. Treatment may include pulpotomy or pulpectomy and the subsequent temporary fillings, limited to three fillings per Insurance Year. Treatment must take place within 24 hours of the emergency event. It does not include any form of dental prostheses, permanent restorations or the continuation of root canal treatment. However, if your policy also includes a Dental Plan, it will cover dental treatment in excess of the limit on 'Emergency out-patient dental treatment' benefit. In that case, the Dental Plan terms will apply.

## **Emergency out-patient treatment**

Treatment received in a casualty ward or emergency room within 24 hours of an accident or sudden illness, where there is no medical necessity for you to occupy a hospital bed. If your policy includes out-patient benefits, it will cover you for out-patient treatment in excess of the limit on the 'Emergency out-patient treatment' benefit.

## **Emergency treatment outside area of cover**

Treatment for medical emergencies that occur during business or holiday trips outside your area of cover. Cover is provided for up to six weeks per trip within the maximum benefit amount. It includes treatment required due to an accident or the sudden beginning or

worsening of a severe illness that presents an immediate threat to your health. Treatment by a doctor must start within 24 hours of the emergency event. Cover is not provided for curative or follow-up non-emergency treatment, even if you are deemed unable to travel to a country within your geographical area of cover. Nor does it extend to charges relating to maternity, pregnancy, childbirth or any complications of pregnancy or childbirth. Please tell your company's Group Scheme Manager if you are going to be outside your area of cover for more than six weeks.

### **Family history**

It exists where a parent, grandparent, sibling, child, aunt or uncle has been previously diagnosed with the medical condition in question.

### **Fertility treatment**

All invasive investigative procedures necessary to establish the cause of infertility such as hysterosalpingogram, laparoscopy or hysteroscopy. It also covers treatment such as InVivo Fertilisation (IVF), for diagnosed cases of infertility. We will cover the cost of treatment for the insured member who receives it, up to the limit indicated in the Table of Benefits. You can't claim under an insured spouse/partner's cover for costs that exceed your benefit limit.

All non-invasive investigative procedures undertaken to establish the cause of infertility are covered within the relevant benefit limits of the Out-patient Plan (if you have one). Examples of benefits that cover non-invasive investigations procedures are 'Diagnostic tests', 'Medical practitioner fees' and 'Specialist fees'.

For multiple birth babies born as a result of medically assisted reproduction, all babies born by surrogacy, and all adopted and fostered children, in-patient treatment is limited to MYR 182,250 per child for the first three months following birth; this limit applies before any other benefit in your plan. Out-patient treatment is paid under the terms of the Out-patient Plan.

### **Foreseeable**

A medical condition that, in our reasonable opinion, could be reasonably anticipated.

### **General advice**

Any medical opinion or medical recommendation from a relevant accredited professional body in relation to a medical condition or treatment that confirms, in our reasonable opinion, an established medical practice or opinion.

### **Group Scheme Manager**

The designated representative of your company, who acts as the point of contact between the company and us for matters relating to the administration of the plan such as enrolment, premium collection and renewal.

### **Health and wellbeing checks including screening for the early detection of illness or disease**

Routine health checks, tests and examinations, performed at appropriate age intervals, without any clinical symptoms being present. To be covered, you need to receive the health and wellbeing screening services at a licensed medical institution or a licensed health examination institution or under the guidance of a doctor in an appropriate setting and in accordance with the international clinical practice guidelines. We do not cover excessive or unnecessary screening, such as full body ultrasounds, MRIs or CT scans.

### **HIV or AIDS treatment**

A benefit that covers consultations, investigations, in-patient and out-patient treatment related to a diagnosis of Human Immunodeficiency Virus (HIV) or Acquired Immune Deficiency Syndrome (AIDS). If included in your plan as a specific benefit, cover is limited to the amount shown in your Table of Benefits.

### **Home country**

A country for which you hold a current passport or which is your principal country of residence.

### **Hormone replacement therapy**

The use of female hormones for the relief of symptoms resulting from cessation of ovarian function, either at the time of the natural menopause or following surgical removal of the ovaries. Cover is provided for medical practitioner fees, specialists fees as well as prescription drug expenses.

### **Hospital**

Any establishment that is licensed as a medical or surgical hospital in the country where it operates and where the patient is permanently supervised by a doctor. The following are not considered hospitals: rest and nursing homes, spas, cure-centres and health resorts.

### **Hospital accommodation**

Standard private or semi-private accommodation as shown in the Table of Benefits. We pay the costs for your hospital accommodation and all eligible in-patient/day-care treatment and services required while using the room, up to the reasonable and customary rates associated with the room type specified in your Table of Benefits. Deluxe, executive rooms and suites are not covered.

We do not cover non-medical or personal expenses charged separately to the hospital accommodation cost, such as phone calls or newspapers. If meals are not included in the hospital accommodation cost, we will only cover up to three full-course meals per day. A full-course meal consists of one appetizer, one main course, one dessert and one drink. Please note that if your hospital admission is related to another benefit covered under your policy, hospital accommodation may already be included within that benefit. For example, if you are hospitalised for cancer treatment, hospital accommodation will be covered under the 'Oncology' benefit, rather than the separate 'Hospital accommodation' benefit. Other benefits that may include hospital accommodation (if included in your plan) are: 'Psychiatry and

psychotherapy', 'Routine maternity', 'Palliative care' and 'Long-term care'. Where your benefit includes hospital accommodation, please note that the room type specified under 'Hospital accommodation' in your Table of Benefits will apply to those other benefits as well. For example, if your 'Hospital accommodation' benefit covers a semi-private room type and you are hospitalised for cancer treatment, your 'Oncology' benefit will include cover for semi-private room accommodation only.

If the room type specified in your Table of Benefits is not available at the hospital, or if you choose a superior room type, we will cover your accommodation, as well as all related in-patient and day-care treatment and services, up to the reasonable and customary rates associated with the room type indicated in your Table of Benefits.

### **In-patient cash benefit at public hospitals**

Amount that we pay to you if you receive in-patient treatment at a public hospital for a medical condition that is covered by us. A public hospital is a hospital that the government owns, runs, and mostly pays for in the country where it's located. This cash benefit is limited to the amount specified in the Table of Benefits and is payable after you are discharged from hospital.

### **In-patient treatment**

Treatment received in a hospital where an overnight stay is medically necessary.

### **Insurance Certificate**

A document we issue that outlines the details of your cover. It confirms that your company has a group insurance policy with us.

### **Insurance Year**

It applies from the effective date of your policy, as shown on the Insurance Certificate and ends at the expiry date of the Company Agreement. The following Insurance Year coincides with the year that is defined in the Company Agreement.

### **Insured person**

You and your dependants as stated on your Insurance Certificate.

### **Laser eye treatment**

The surgical improvement of the refractive quality of the cornea using laser technology, including the necessary pre-operative investigations.

### **Lifetime limit**

The total amount we'll pay for any eligible costs you incur during any time we cover you on any one or more plans with the same or equivalent benefits, even if there's a break in your cover.

### **Local ambulance**

Ambulance transport to the nearest available and appropriate hospital or licensed medical facility, when required for an emergency or out of medical necessity, to receive treatment you are covered for.

### **Long-term care**

Care over an extended period of time after the initial acute/curative treatment has been completed. This usually occurs for a chronic condition or disability requiring uninterrupted/continuous medical care, or where treatment options are limited to the existing level of care. Long-term care can be provided at home, in the community, in a hospital, a long-term care facility or in a nursing home.

### **Medical advice**

Any medical opinion, medical recommendation or information given by a medical professional.

### **Medical evacuation**

It applies in the following scenarios:

- If the necessary treatment you are covered for is not available locally.
- If adequately screened blood is unavailable in an emergency.

We will evacuate you to the nearest appropriate medical centre (which may or may not be in your home country) by ambulance, helicopter or aeroplane. The medical evacuation should be requested by your doctor, and will be carried out in the most economical way that is appropriate to your medical condition. Following completion of treatment, we will also cover the cost of your return trip at economy rates to your principal country of residence.

If you can't travel or be evacuated for medical reasons following discharge from an in-patient episode of care, we will cover the reasonable cost of hotel accommodation in a private en-suite room for up to 14 days. We do not cover costs for hotel suites, four or five-star hotel accommodation or hotel accommodation for an accompanying person.

If you are evacuated to the nearest appropriate medical centre for ongoing treatment, we will cover the reasonable cost of hotel accommodation in a private en-suite room. This cost must be more economical than the cost of a series of journeys between the nearest appropriate medical centre and your principal country of residence. Hotel accommodation for an accompanying person is not covered.

Where adequately screened blood is not available locally, we will, where appropriate, try to locate and transport screened blood and sterile transfusion equipment, if this is advised by the treating doctor and our own medical experts. We and our agents accept no liability if we are unsuccessful or if contaminated blood or equipment is used by the treating authority.

You must contact us at the first indication that you need an evacuation. From this point onwards, we will organise and coordinate the evacuation until you arrive safely at your destination of care. If evacuation services are not organised by us, we reserve the right to decline all costs incurred.

In the event of non-emergency treatment, cover is only available if the benefit for 'Medical evacuation in the event of non-emergency treatment' is included in your plan and if the necessary treatment you are covered for is not available locally.

### **Medical necessity**

Medical treatment, services or supplies that fulfil all of the following:

- Essential to identify or treat your condition, illness or injury.
- Consistent with your symptoms, diagnosis or treatment of the underlying condition.
- In accordance with generally accepted medical practice and professional standards of care in the medical community at the time (this does not apply to complementary treatment methods if they form part of your cover).
- Required for reasons other than the comfort or convenience of you or your doctor.
- Proven and demonstrated to have medical value (this does not apply to complementary treatment methods if they form part of your cover).
- Considered to be the most appropriate type and level of service or supply.
- Provided at an appropriate facility, in an appropriate setting and at an appropriate level of care for the treatment of your medical condition.
- Provided only for an appropriate duration of time.

In this definition, the term 'appropriate' means taking patient safety and cost effectiveness into consideration. In respect to in-patient treatment, 'medically necessary' also means that diagnosis can't be made or treatment can't be safely and effectively provided on an out-patient basis.

### **Medical practitioner fees**

Fees charged for non-surgical treatment performed or administered by a medical practitioner, or performed by a medical professional under the supervision of a medical practitioner.

### **Medical practitioners**

Doctors who are licensed to practise medicine under the law of the country in which treatment is given and where they are practising within the limits of their licence.

### **Medical provider network**

All of the medical providers with whom we have arrangements in place for the direct settlement of our members' medical costs.

### **Medical repatriation**

An optional level of cover and where provided will be shown in the Table of Benefits. If the necessary treatment for which you are covered isn't available locally you can choose to be medically evacuated to your home country for treatment, instead of to the nearest appropriate medical centre. This only applies when your home country is within your geographical area of cover. Where the repatriation relates to non-emergency treatment, cover is only available under this benefit if the benefit for 'Medical evacuation in the event of non-emergency treatment' is also included in your plan.

Following completion of treatment, we will also cover the cost of your return trip at economy rates, to your principal country of residence. The return journey must take place within one month after treatment has been completed.

You must contact us at the first indication that repatriation is required. From this point onwards we will organise and coordinate all stages of the repatriation until you arrive safely at your destination of care. If the repatriation is not organised by us, we reserve the right to decline all costs incurred.

### **Medically assisted reproduction**

A pregnancy that is conceived following fertility treatment, including pregnancies conceived through Intrauterine Insemination, In Vitro Fertilisation (IVF) or any other Assisted Reproductive Technology, and pregnancies conceived within one month of using fertility medication.

### **Mental health professional**

Licensed practitioner working in health care, counselling or social services who offers services for the purpose of treating mental health conditions.

### **Midwife fees**

Fees charged by a midwife or birth assistant, who, according to the law of the country in which treatment is given, has completed the necessary training and passed the necessary state examinations.

### **Moratorium (MORI)**

A waiting period of 24 months from either your start date or the date shown in the special terms section of your Insurance Certificate that must have passed before claims for any pre-existing medical conditions may become eligible under the plan. This includes the underwriting term CPME/CTT previously MORI. Once you've completed a continuous 24-month period after your start date, your pre-existing medical condition may be covered, provided that you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.

### **Natural tooth**

Any tooth that is original, not an artificial implant or replacement.

## **Newborn care**

Newborn accommodation and the following essential examinations, diagnostic procedures and treatments as required following birth:

- Customary examinations required to assess the integrity and basic function of the child's organs and skeletal structures
- One hearing examination
- Screening tests for PKU, congenital hypothyroidism and G6PD
- Vitamin K, hepatitis B and BCG vaccinations.

Cover doesn't include further preventive diagnostic procedures, such as routine swabs or blood typing. However, if for medical reasons the child needs any follow-up investigations and treatment, these are covered under the newborn's own policy (if they have been added as a dependant). For multiple birth babies born as a result of medically assisted reproduction, all babies born by surrogacy, and all adopted and fostered children, in-patient treatment is limited to MYR 182,250 per child for the first three months following birth: this limit applies before any other benefit in your plan. Out-patient treatment is paid within the terms of the Out-patient Plan.

## **Non-underwritten policies**

Policies where we don't request the insured persons to provide information about their health at the point of joining, as their medical history is not considered nor assessed. Pre-existing medical conditions are covered subject to the benefits, terms and conditions of the policy.

## **Nursing at home or in a convalescent home**

Nursing received immediately after, or instead of, eligible in-patient or day-care treatment. We will pay the benefit listed in the Table of Benefits if the treating doctor decides that it is medically necessary for you to stay in a convalescent home or have a nurse in attendance at home. This benefit also needs to be approved by our Medical Director. This benefit doesn't cover spas, cure centres, health resorts, palliative care or long-term care.

## **Occupational therapy**

Treatment that helps you develop skills needed for daily living and interactions with other people and the environment. These refer to:

- Fine and gross motor skills (how you perform small, precise tasks and whole-body movement).
- Sensory integration (how the brain organises a response to your senses).
- Coordination, balance and other skills such as dressing, eating and grooming.

We will need to see a progress report after every 20 sessions.

## Oncology

Specialist fees, diagnostic tests, radiotherapy, chemotherapy and hospital charges related to the treatment of cancer from the point of diagnosis. We also cover the cost of an external prosthetic device for cosmetic purposes, for example a wig for hair loss or a prosthetic bra after breast cancer treatment.

## Organ transplant

The following organ or tissue transplants: heart, heart/valve, heart/lung, liver, pancreas, pancreas/kidney, kidney, bone marrow, parathyroid, muscular/skeletal and cornea. We do not reimburse the costs of acquiring organs.

## Orthodontics

The use of devices to correct malocclusion (misalignment of your teeth and bite). We only cover orthodontic treatment that meets the medical necessity criteria described below. As the criteria are very technical, please contact us before starting treatment so we can verify if your treatment meets the criteria.

Medical necessity criteria:

- Increased overjet > 6mm but <= 9 mm
- Reverse overjet > 3.5 mm with no masticatory or speech difficulties
- Anterior or posterior crossbites with > 2 mm discrepancy between the retruded contact position and intercuspal position
- Severe displacements of teeth > 4
- Extreme lateral or anterior open bites > 4 mm
- Increased and complete overbite with gingival or palatal trauma
- Less extensive hypodontia requiring pre-restorative orthodontics or orthodontic space closure to obviate the need for a prosthesis
- Posterior lingual crossbite with no functional occlusal contact in one or more buccal segments
- Reverse overjet > 1 mm but < 3.5 mm with recorded masticatory and speech difficulties
- Partially erupted teeth, tipped and impacted against adjacent teeth
- Existing supernumerary teeth

You will need to send us some supporting information to show that your treatment is medically necessary and therefore covered by your plan. The information we ask for may include, but is not limited to:

- A medical report issued by the specialist, stating the diagnosis (type of malocclusion) and a description of your symptoms caused by the orthodontic problem.
- A treatment plan showing the estimated duration and cost of the treatment and the type/material of the appliance used.
- The payment arrangement agreed with the medical provider.
- Proof of payment for orthodontic treatment.

- Photographs of both jaws clearly showing dentition before the treatment.
- Clinical photographs of the jaws in central occlusion from frontal and lateral views.
- Orthopantomogram (panoramic X-ray).
- Profile X-ray (cephalometric X-ray).
- Any other document we may need to assess the claim.

We will only cover the cost of standard metallic braces and/or standard removable appliances. However, we'll cover cosmetic appliances such as lingual braces and invisible aligners up to the cost of metallic braces, subject to the 'Orthodontic treatment' benefit limit.

### **Orthomolecular treatment**

Alternative treatment that aims to restore the individual biochemical balance through supplements. It uses natural substances such as vitamins, minerals, enzymes and hormones.

### **Out-patient dental treatment**

A benefit that specifically covers out-patient dental treatment required as follow-up to an in-patient stay for accidental damage to natural teeth. Cover is provided when the out-patient dental treatment is required in the 90 days following discharge from the related in-patient treatment. Cover includes the costs to supply and fit dental implants.

### **Out-patient surgery**

Surgical procedure performed in a surgery, hospital, day-care facility or out-patient department that does not require you to stay overnight out of medical necessity.

### **Out-patient treatment**

Treatment provided in the practice or surgery of a medical practitioner, therapist or specialist that does not require you to be admitted to hospital.

### **Palliative care**

Ongoing treatment that aims to alleviate the physical/psychological suffering associated with progressive, incurable illness and to maintain quality of life. It includes in-patient, day-care and out-patient treatment following the diagnosis of a terminal condition. We will pay for physical care, psychological care, hospital or hospice accommodation, nursing care and prescription drugs.

### **Partner**

A legal partner or a person you have lived with in a de facto relationship for a continuous period of 12 months.

### **Periodontics**

Dental treatment related to gum disease.

### **Policies with moratorium**

Policies where we don't consider or assess the medical history of the insured persons when they apply for cover. The insured persons are covered for all eligible expenses included in their plan, subject to the terms and conditions of the policy – however, any claims related to pre-existing conditions are subject to moratorium (see definition).

### **Post-hospitalisation physiotherapy**

Physiotherapy treatment required in the 90 days following discharge from an in-patient or day-care treatment of less than three days in duration.

### **Post-hospitalisation treatment**

Out-patient treatment required in the 90 days following discharge from an in-patient or day-care treatment for the same acute medical condition. This benefit covers medical practitioners' fees, specialists' fees, out-patient surgery, prescribed drugs and dressings, MRI, PET and CT scans, X-rays, pathology and other diagnostic tests and procedures.

### **Post-natal care**

Routine post-partum medical care received by the mother for up to six weeks after delivery.

### **Pre-existing conditions**

Medical conditions for which one or more symptoms presented at some point during your or your dependants' lifetime. This applies regardless of whether you or your dependants sought any medical advice or treatment. We will consider any medical condition to be pre-existing if we can determine that you or your dependants would have known about it.

### **The following terms about pre-existing conditions apply if your Insurance Certificate shows that your underwriting terms are Moratorium or CPME/CTT previously MORI:**

Your claim will not be paid if it's relating to a pre-existing medical condition, if one or more of the following have applied within the 24-month period before your start date (or the date shown in your Insurance Certificate):

- It could be reasonably foreseen that the medical condition would occur after your start date.
- The condition clearly showed itself to be present by having signs or symptoms, requiring treatment, investigations or medication.
- To the best of your knowledge, you were aware you had the condition.

Once you've completed a continuous 24-month period after your date of joining we may cover your pre-existing medical condition provided you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.

If you have had symptoms, needed or received treatment, medication, a special diet or advice or other indications of any condition during the 24-month waiting period, the waiting period will restart for that condition (rolling moratorium).

## **Pregnancy**

The period of time when you are expecting a baby, from the date of the first diagnosis until delivery.

## **Pre-hospitalisation tests**

Out-patient pre-hospitalisation tests carried out in the 72 hours before in-patient or day-care treatment covered under your plan.

## **Pre-natal care**

Common screening and follow-up tests required during pregnancy. For women aged 35 and over, this includes Triple/Bart's, Quadruple and Spina Bifida tests, amniocentesis and, if directly linked to an eligible amniocentesis, DNA-analysis.

## **Prescribed drugs and dressings**

Drugs when prescribed by a doctor to:

- treat a confirmed diagnosis or medical condition.
- compensate a lack of vital bodily substances.

Prescribed drugs must be clinically proven to be effective for the diagnosed condition. They must also be recognised by the pharmaceutical regulator in the country where you use the prescription. Even if you can legally buy a medication without a doctor's prescription in that country, you must get a prescription for these costs to be covered. You can claim for a supply of prescribed drugs and dressings for up to three months from the prescription date, subject to the length of time remaining on the policy.

## **Prescribed glasses and contact lenses including eye examination**

Cover for a routine eye examination carried out by an optometrist or ophthalmologist (one check-up per Insurance Year) and for lenses and glasses to correct vision.

## **Prescribed medical aids**

Any device that is prescribed and medically necessary to enable you to carry out everyday activities. Examples include:

- Biochemical aids such as insulin pumps, glucose meters and peritoneal dialysis machines
- Motion aids such as crutches, wheelchairs, orthopaedic supports/braces, artificial limbs and prostheses
- Hearing and speaking aids such as an electronic larynx
- Medically graduated compression stockings
- Long-term wound aids such as dressings and stoma supplies

We do not cover costs for medical aids that form part of palliative care or long-term care.

### **Prescribed physiotherapy**

Treatment provided by a registered physiotherapist following referral by a doctor.

Physiotherapy (either prescribed, or a combination of non-prescribed and prescribed treatment) is initially restricted to 12 sessions per condition, after which treatment must be reviewed by your therapist or the doctor who referred you.

If you need further sessions, your therapist/doctor must send us a new progress report and a treatment plan for your condition, indicating the medical necessity for more treatment. They must also do this after every subsequent set of 12 sessions. Physiotherapy does not include therapies such as Rolfing, massage, Pilates, Fango and Milta.

### **Prescribed vitamins, minerals and supplements**

Vitamins, minerals and supplements prescribed by a medical practitioner, in conjunction with other treatments, to treat the symptoms of a diagnosed medical condition or aid the recovery process.

This does not include prescriptions for the treatment of deficiency syndromes. Cover for these costs is available under the 'Prescribed drugs and dressings' benefit, provided the benefit is included in your plan.

Similarly, it does not extend to prescriptions during pregnancy or cancer treatment (as required in accordance with medical guidelines). Cover for these costs is available under the 'Routine maternity' and 'Oncology' benefits, provided the relevant benefit is included in your plan.

In all cases, we do not cover vitamins, minerals or supplements obtained without prescription, or where prescribed for preventive purposes.

### **Preventive surgery**

Prophylactic mastectomy or prophylactic oophorectomy. We will pay for preventive surgery when:

- you have a direct family history of a disease that is part of a hereditary cancer syndrome (for example, breast cancer or ovarian cancer), and
- genetic testing has established the presence of a hereditary cancer syndrome.

### **Preventive treatment**

Treatment you receive without any clinical symptoms being present at the time of treatment (e.g. the removal of a pre-cancerous growth). This benefit is covered when the 'Preventive treatment' benefit is listed in your Table of Benefits.

### **Principal country of residence**

The country where you and your dependants (if applicable) live for more than six months of the Insurance Year.

### **Professional sports**

Any sporting activity that you engage in and from which you derive a salary or other economic compensation.

### **Psychiatry and psychotherapy**

Treatment of mental, behavioural and personality disorders, including autism spectrum and eating disorders. Treatment must be carried out by a psychiatrist, clinical psychologist or licensed psychotherapist. The condition must be clinically significant and the treatment medically necessary.

All day-care or in-patient admissions must include prescription medication related to the condition.

Out-patient psychotherapy treatment (where covered) requires referral by a doctor and is limited to 10 sessions per condition initially. After every 10 sessions, a psychiatrist must review the treatment. If you need more sessions, you must send us a progress report that indicates the diagnosis and the medical necessity for further treatment.

Counselling is available through our Employee Assistance Programme (EAP) and refers to short-term, solution-focused interventions, and typically deals with current issues that are easily resolved on the conscious level. This service is not intended for longer-term situations or the treatment of clinical disorders and is not suitable for minors who are below the local legal age of consent.

EAP can help you and your immediate family deal with challenging situations that may arise in life, such as stress, anxiety, bereavement, workplace challenges, relationship issues, cross-cultural transition and coping with isolation and loneliness. Please note that the EAP service does not include group therapy, such as family therapy.

### **Reasonable and customary**

Treatment costs that are usual within the country of treatment. We will only reimburse the cost of medical providers where their charges are reasonable and customary and in accordance with standard and generally accepted medical procedures.

### **Reconstructive surgery**

Treatment costs to restore natural function or appearance after a disfiguring accident or surgery for cancer. Cover is available where the treatment for the accident or initial surgery was also covered by this policy.

### **Rehabilitation treatment**

Treatment that combines therapies such as physical, occupational and speech therapy. It aims to restore original form or function after an acute illness, injury or surgery. Treatment must take

place in a licensed rehabilitation facility and start within 14 days of discharge from acute medical and/or surgical treatment.

Cover is only provided under this benefit if you've received in-patient treatment for three or more consecutive days/nights for the same medical condition.

We cover in-patient or day-care accommodation costs only if admission to a rehabilitation facility was requested by your doctor and approved by us.

### **Repatriation of mortal remains**

The transportation of the deceased insured person's remains to their home country. If the insured passes away in their home country, we will cover transportation to the location of burial or cremation in that country, or to another home country where more than one home country exists. We cover costs such as: embalming, a container legally appropriate for transportation, shipping and the necessary government authorisations. Cremation costs will only be covered if the cremation is required for legal purposes. We do not cover costs incurred by anyone accompanying the remains unless this is listed as a specific benefit in your Table of Benefits.

### **Routine maternity**

Medically necessary costs for the routine care of pregnancy and childbirth. This includes hospital charges, specialist fees, the mother's pre-natal and post-natal care, midwife fees (during labour only) and newborn care (see the definition of 'Newborn care' for what we cover under this benefit and for in-patient treatment limits that apply to all adopted and fostered children, all babies born by surrogacy and multiple birth babies born as a result of medically assisted reproduction).

Please note that 3D and 4D ultrasound scans are covered up to the cost of a 2D scan only.

Caesarean sections that are not medically necessary are covered up to the cost of a routine delivery in the same hospital, subject to any 'Routine maternity' benefit limits. Medically-necessary caesarean sections are paid for under the 'Complications of childbirth' benefit.

### **Sleep apnoea**

A sleep disorder characterised by pauses in breathing or periods of shallow breathing during sleep. If this benefit is indicated in your Table of Benefits, we will provide cover for the medically necessary treatment and diagnostic procedures related to a confirmed or suspected sleep apnoea diagnosis. The costs covered under this benefit include professional fees, a medically necessary sleep study, other necessary diagnostic tests, medical aids and drugs, up to the limits indicated on your Table of Benefits. Please note that proof of medical necessity is required.

### **Specialist**

A licensed doctor possessing the additional qualifications and expertise necessary to practise as a recognised specialist in diagnostic techniques, treatment and prevention in a particular field of medicine.

### **Specialist fees**

Non-surgical treatment performed or administered by a licensed doctor. This benefit does not include cover for psychiatrist, psychologist fees or any treatment that is already covered by another benefit under your Table of Benefits. We don't cover specialist treatment that is excluded under your policy.

### **Speech therapy**

Treatment carried out by a qualified speech therapist to treat diagnosed physical impairments. This includes conditions such as nasal obstruction, neurogenic impairment (e.g. lingual paresis, brain injury) or articulation disorders involving the oral structure (e.g. cleft palate).

### **Start date**

The date when you first enrolled, or re-enrolled if there is a break in your cover.

### **Surgical appliances and materials**

Those required for surgeries. They include artificial body parts or devices such as joint replacement materials, bone screws and plates, valve replacement appliances, endovascular stents, implantable defibrillators and pacemakers.

### **Therapist**

Chiropractor, osteopath, podiatrist, Traditional Chinese Medicine practitioner, homeopath, acupuncturist, ayurvedic practitioner, physiotherapist, speech therapist, occupational therapist or oculomotor therapist, who is qualified and licensed under the laws of the country in which treatment takes place.

### **Travel costs for one person accompanying an evacuated/repatriated person**

Travel costs for one person to accompany the evacuated/repatriated person. If they can't travel in the same vehicle, we will pay for an alternative form of transport at economy rates. Following completion of treatment, we will also cover the cost of the companion's return trip, at economy rates, to the country where the evacuation/repatriation started from.

Cover under these benefits is only available if the associated evacuation/repatriation is also covered under your plan. Cover does not include hotel accommodation or other related expenses.

### **Travel costs of insured family members in the event of an evacuation/repatriation**

The reasonable transportation costs of all insured family members of the evacuated or repatriated person, including minors who might otherwise be left unattended. If all family

members can't travel in the same vehicle with the evacuated/repatriated person, we will pay for their round-trip transport at economy rates.

Cover under these benefits is only available if the associated evacuation/repatriation is also covered under your plan. Cover does not include hotel accommodation or other related expenses.

#### **Travel costs of insured family members in the event of the repatriation of mortal remains**

The reasonable transportation costs of any insured family members who had been living abroad with the insured person who died, to travel to the country of burial of the deceased. Reasonable transportation costs are considered to be round trip transport costs at economy rates. Cover does not include hotel accommodation or other related expenses.

#### **Travel costs of insured members to be with a close relative who is at peril of death or who has died**

The reasonable transportation costs of insured members to be with a close relative who is at peril of death or who has died (up to the amount specified in your Table of Benefits). Cover includes one round trip per insured member per Insurance Year. If the close relative has passed away, travel must commence within six weeks of their date of death.

A **close relative** is a spouse/partner, parent (including legally adoptive parent), stepparent, legal guardian, parent in law, brother or sister (including stepbrother/sister and brother/sister in law), child (including adopted child, fostered child or stepchild), son or daughter in law, grandparent or grandchild.

**Reasonable transportation costs** are considered to be round trip transport costs at economy rates. When claiming, please include copies of the travel tickets and the death certificate or a doctor's certificate supporting the reason for travel. Cover does not include hotel accommodation or other related expenses.

#### **Treatment**

Medical, surgical or therapeutic interventions received to diagnose, prevent, cure or relieve illness and injury, or physical and mental disorder.

#### **Treatment of autism spectrum disorder**

A range of therapies to improve the skills of an insured person with autism. This includes specialist medical treatment and accredited behavioural programmes. Treatment is covered as part of the 'Psychiatry and psychotherapy' benefit of your Out-patient Plan, if you have one. If your plan includes the 'Developmental delays' benefit, it also covers prescribed speech therapy and occupational therapy for autism treatment. Please refer to your Table of Benefits for any applicable limits. We don't cover daily educational support, admissions, stays or day-care treatment at specialised educational facilities.

### **Treatment of eating disorders**

A combination of psychotherapies, including cognitive behavioural therapy, medical monitoring, prescribed medication and nutritional counselling to treat anorexia nervosa, bulimia nervosa and binge-eating disorder.

All day-care or in-patient admissions must include prescription medication related to the condition.

Out-patient therapy (where covered) requires referral by a doctor and is limited for 10 sessions per condition initially. After every 10 sessions, a psychiatrist must review the treatment. If you need more sessions, you must send us a progress report that indicates the diagnosis and the medical necessity for further treatment.

Treatment is covered as part of the 'Psychiatry and psychotherapy' benefit in your Out-patient Plan, if you have one. Check your Table of Benefits for any limits that may apply.

### **Vaccinations**

- All basic immunisations and booster injections in line with the international medical guidelines that apply in the country where they are administered.
- Vaccination against COVID-19\*, where this is not offered for free or only partially sponsored by the government in your country of residence.
- Medically necessary travel vaccinations.
- Malaria prevention tablets.

We cover the cost of consultation for administering the vaccine and the cost of the drug.

\*We cover any COVID-19 vaccine when:

- The vaccine has completed the necessary clinical development process, including all pre-licensure vaccine clinical trials (phase I, II and III) that demonstrate its efficacy and safety.
- The vaccine has completed the multi-step approval process for the relevant regulating authority and is approved for use in the jurisdiction where you require it.
- The vaccine is not offered for free or only partially sponsored by the government of the country in which you reside.

We cover the reasonable and customary cost of the COVID-19 vaccine, including the administration of the injection, in line with local public health policies related to the allocation of vaccines. We do not pay towards the travel cost if you decide to travel to a different country from where you normally reside in order to get the vaccination. Please note that cover is not intended to give you priority access to vaccines.

### **Video consultation services**

Services accessed via our TeleHealth Hub, which provides direct access to a doctor via a telecommunication platform. This benefit covers the costs of video consultations, as indicated in

your Table of Benefits and offers medical advice, diagnosis and issuance of a prescription, if needed, for non-urgent medical care. Access to teleconsultation services and prescriptions will depend on your geographical location and local country regulations. You can make an appointment to speak to a medical practitioner in English, subject to availability. Some third party providers may offer additional core languages. Cost of medicines are not included, but delivery of medicine or referrals may or may not be included under this benefit, even when prescribed or recommended during the video consultation.

If you access teleconsultation services outside of the TeleHealth Hub, the 'Video consultation services' benefit will not apply. Cover will be subject to the terms of the benefit that would apply if the consultation were received in a face-to-face setting.

### **Waiting period**

A period of time that begins on your policy start date (or effective date if you are a dependant), during which you are not entitled to cover for particular benefits. Your Table of Benefits shows which benefits are subject to waiting periods. Waiting periods do not apply to you if you have a non-underwritten policy.

### **We/Our/Us**

Allianz Life Insurance Malaysia Berhad.

### **You/Your**

The person working for the company and any dependants named on the Insurance Certificate.

# Exclusions

Although we cover most medically necessary treatment, we do not cover the following expenses unless indicated otherwise in the Table of Benefits or in any written policy endorsement.

## **ACQUISITION OF AN ORGAN**

Expenses for the acquisition of an organ such as, but not limited to donor search, typing, harvesting, transport and administration costs.

## **CHEMICAL CONTAMINATION AND RADIOACTIVITY**

Treatment or services for any medical conditions arising directly or indirectly from chemical contamination, radioactivity or any nuclear material, including the combustion of nuclear fuel.

## **COMPLEMENTARY TREATMENT**

Complementary treatment, with the exception of those treatments shown in the Table of Benefits.

## **COMPLICATIONS CAUSED BY CONDITIONS NOT COVERED UNDER YOUR PLAN**

Expenses incurred because of complications directly caused by an illness, injury or treatment for which cover is excluded or limited under your plan.

## **CONSULTATIONS PERFORMED BY YOU OR A FAMILY MEMBER**

Consultations performed and any drugs or treatments prescribed by you, your spouse, parents or children.

## **COSMETIC TREATMENT**

Any cosmetic treatment, even when medically prescribed. This includes treatment carried out by a plastic surgeon, whether or not for medical/psychological purposes. The only exception is reconstructive surgery necessary to restore function or appearance after a disfiguring accident or as a result of surgery for

cancer, provided that the accident or initial surgery was also covered by this policy.

#### **DENTAL VENEERS**

Dental veneers and related procedures.

#### **DEVELOPMENTAL DELAY**

Delay in cognitive development, unless the person meets the criteria for developmental delay and the benefit is included on your policy. Cover for physical developmental delays is only provided under the 'Prescribed physiotherapy' and 'Occupational therapy' benefits if these are included in your plan, and the delay is confirmed to be at least 12 months based on quantitative measurements as documented by qualified medical professionals. We don't cover daily educational support, admissions, stays or day-care treatment at specialised educational facilities.

#### **DRUG ADDICTION OR ALCOHOLISM**

Care and/or treatment of drug addiction or alcoholism (including detoxification programmes and treatments to stop smoking), death associated with drug addiction or alcoholism, or the treatment of any condition that in our reasonable opinion is related to, or a direct consequence of, alcoholism or addiction (e.g. organ failure or dementia).

#### **EXPERIMENTAL OR UNPROVEN TREATMENT OR DRUG THERAPY**

Any form of treatment or drug therapy that in our reasonable opinion is experimental or unproven, based on generally accepted medical practice.

#### **FAILURE TO SEEK OR FOLLOW MEDICAL ADVICE**

Treatment or services required as a result of failure to seek or follow medical advice.

#### **FAMILY THERAPY AND COUNSELLING**

Costs in respect of a family therapist or counsellor for out-patient psychotherapy treatment.

#### **FEES FOR THE COMPLETION OF A CLAIM FORM**

Doctor's fees for the completion of a Claim Form or other administration charges.

## **FERTILITY TREATMENT**

Fertility treatment, including medically assisted reproduction or treatment for any medical problems arising from it, unless you have a specific benefit for fertility treatment or have the required out-patient benefits that cover non-invasive investigations into the cause of infertility (such as 'Medical practitioner's fees', 'Specialist fees' and 'Diagnostic tests').

## **GENDER DYSPHORIA**

Care and/or treatment or services for gender dysphoria.

## **GENETIC TESTING**

Genetic testing, except:

- where specific genetic tests are included within your plan.
- where DNA tests are directly linked to an eligible amniocentesis i.e. in the case of women aged 35 or over.
- where testing for genetic receptor of tumours is covered.

## **HOME VISITS**

Home visits, unless they are necessary after the sudden onset of an acute illness that leaves you incapable of visiting your doctor or therapist.

## **INJURIES CAUSED BY PROFESSIONAL SPORTS**

Treatment, services or diagnostic procedures for injuries arising from taking part in professional sports.

## **INTENTIONALLY CAUSED DISEASES OR SELF-INFLICTED INJURIES**

Care and/or treatment or services for intentionally caused diseases or self-inflicted injuries, including a suicide attempt.

## **LOSS OF HAIR AND HAIR REPLACEMENT**

Investigations into and treatment for loss of hair, including hair replacement unless the loss of hair is due to cancer treatment.

## **MEDICAL ERROR**

Treatment required as a result of medical error.

## **MORTAL REMAINS**

The purchase of a burial plot, or funeral costs, including, but not limited to, flowers and the funeral director's fees.

## **ORTHOMOLECULAR TREATMENT**

Please refer to the definition of 'Orthomolecular treatment'.

## **PARTICIPATION IN WAR OR CRIMINAL ACTS**

Death from or treatment or services for any illnesses, diseases or injuries resulting from active participation in the following, whether war has been declared or not:

- War
- Riots
- Civil disturbances
- Terrorism
- Criminal acts
- Illegal acts
- Acts against any foreign hostility

## **PERSONAL PRODUCTS AND DIETARY SUPPLEMENTS**

We do not cover the following products, even if they are prescribed, medically recommended and/or acknowledged as having therapeutic effects:

- Personal products such as mouthwash, toothpaste, shampoo, sunscreen, sanitiser, gloves, masks, visors, thermometers and baby supplies
- Cosmetic products, including moisturisers, emulsions, lotions, gels and oils for the skin that do not contain medicinal components. The only exception is for barrier creams prescribed for the management of clinically recognised skin conditions.
- Children's food, including infant formula given orally

We also do not cover vitamins, minerals or supplements (including nutritional, dietary, organic or herbal preparations) except in the following cases:

- Where prescribed:
  - during pregnancy, as required in accordance with medical guidelines.
  - during cancer treatment, as required in accordance with medical guidelines.
  - to treat diagnosed deficiency syndromes.
- Where cover is provided under the 'Prescribed vitamins, minerals and supplements' benefit, and this benefit is included in your policy.

## **PRE- AND POST-NATAL**

**Pre- and post-natal classes.**

## **PRE-EXISTING CONDITIONS (APPLICABLE TO POLICIES WITH MORATORIUM OR CPME/CTT PREVIOUSLY MORI)**

**Pre-existing medical conditions when one or more of the following have applied within the 24-month period before your date of joining (or the date shown in your Insurance Certificate):**

- **It could be reasonably foreseen that the medical condition would occur after your start date.**
- **The condition clearly showed itself.**
- **You had signs or symptoms of the condition.**
- **You asked for advice about the condition.**
- **You received treatment for the condition.**
- **To the best of your knowledge, you were aware you had the condition.**

**Once you've completed a continuous 24-month period after your date of joining, your pre-existing medical condition may be covered provided you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.**

## **PRODUCTS PURCHASED WITHOUT A PRESCRIPTION**

**Products that are purchased without a doctor's prescription.**

## **SEARCH AND/OR RESCUE OPERATIONS**

**Claims relating to 'search and/or rescue' operations, for instance on land or down from a mountain, to find and transport a member back to a safe location. Please note that in the case of medical evacuation, we only cover activities that begin after the 'search and/or rescue' operations conclude.**

## **SLEEP DISORDERS**

**Treatment of sleep disorders, including insomnia, obstructive sleep apnoea, narcolepsy, snoring and bruxism.**

## **SPEECH THERAPY**

Speech therapy related to developmental delay (unless the person meets the criteria for developmental delay and the 'Developmental delay' benefit is included on your policy), dyslexia, dyspraxia or expressive language disorder.

## **STAYS IN A CURE CENTRE**

Stays in a cure centre, bath centre, spa, health resort and recovery centre, even if the stay is medically prescribed.

## **STERILISATION, SEXUAL DYSFUNCTION AND CONTRACEPTION**

Investigations into, treatment of and complications arising from:

- Sterilisation
- Sexual dysfunction (unless as a result of a total prostatectomy following cancer surgery)
- Contraception (including the insertion and removal of contraceptive devices and all other contraceptives), unless prescribed for medical reasons that are unrelated to birth control

## **SURROGACY**

Treatment directly related to surrogacy whether you are acting as a surrogate, or are the intended parent.

## **TERMINATION OF PREGNANCY**

Termination of pregnancy, except where the life of the pregnant woman is in danger.

## **TRAVEL COSTS**

Travel costs to and from medical facilities (including parking costs) for treatment, except when covered under 'Local ambulance', 'Medical evacuation' and 'Medical repatriation' benefits.

## **TREATMENT IN THE USA IN THE FOLLOWING CASES**

Treatment or services in the USA if we believe that cover was taken out with the purpose of travelling to the USA to get treatment for a condition or symptoms you were aware of:

- before being insured with us.
- before having the USA in your region of cover.

If we paid any claims in these circumstances, we reserve the right to seek reimbursement from you.

#### **TREATMENT OUTSIDE THE GEOGRAPHICAL AREA OF COVER**

Treatment outside the geographical area of cover unless for emergencies or authorised by us.

#### **TRIPLE/BART'S, QUADRUPLE OR SPINA BIFIDA TESTS**

Triple/Bart's, Quadruple or Spina Bifida tests, except for women aged 35 or over.

#### **VESSEL AT SEA**

Medical evacuation/repatriation from a vessel at sea to a medical facility on land.

#### **WEIGHT-RELATED TREATMENT AND SERVICES**

Treatment and services for weight control, including bariatric surgery, medication (unless indicated for use in the treatment for established Type 2 Diabetes), supplements, health club memberships, diet programs and residential eating disorder programs.

#### **BENEFITS THAT ARE NOT IN YOUR TABLE OF BENEFITS**

The following benefits or any adverse consequences or complications relating to them, unless otherwise indicated in your Table of Benefits:

- Bariatric surgery
- Complications of pregnancy and childbirth
- Dental treatment, dental surgery, periodontics, orthodontics, dental implants and dental prostheses
- Developmental delay
- Dietician fees
- Elective circumcision for newborn males
- Emergency dental treatment
- Fertility treatment
- Health and wellbeing checks including screening for the early detection of illness or disease
- HIV/AIDS treatment
- Homeopathy, Chinese herbal medicine, Tui na, cupping, bone setting, acupuncture and ayurvedic treatment

- **Hormone replacement therapy**
- **In-patient and day-care treatment of congenital conditions**
- **In-patient psychiatry and psychotherapy treatment**
- **Laser eye treatment**
- **Medical evacuation in the event of non-emergency treatment**
- **Medical repatriation**
- **Out-patient psychiatry and psychotherapy treatment**
- **Out-patient treatment**
- **Palliative care**
- **Prescribed glasses and contact lenses including eye examination**
- **Prescribed medical aids**
- **Prescribed vitamins, minerals and supplements**
- **Preventive surgery**
- **Repatriation of mortal remains or burial expenses**
- **Routine maternity**
- **Travel costs for one person accompanying an evacuated/repatriated person**
- **Travel costs of insured family members in the event of an evacuation/repatriation**
- **Travel costs of insured family members in the event of the repatriation of mortal remains**
- **Travel costs of insured members to be with a close relative who is at peril of death or who has died**

#### **ACCIDENTAL DEATH BENEFIT**

**Accidental death benefit, if the death of an insured person has been caused either directly or indirectly by:**

- **Active participation in war, riots, civil disturbances, terrorism, criminal acts, illegal acts or acts against any foreign hostility, whether war has been declared or not.**
- **Intentionally caused diseases or self-inflicted injuries, including suicide, within one year of the enrolment date of the policy.**
- **Active participation in underground or underwater activity such as underground mining or deep sea diving.**
- **Above-water activity (such as on oil platforms or oil rigs) and aerial activity, unless specifically covered under the Company Agreement.**
- **Chemical or biological contamination, radioactivity or any nuclear material contamination, including the combustion of nuclear fuel.**

- **Passive war risk:**
  - Being in a country where the British government has recommended that their citizens leave (this condition will apply regardless of the insured person's nationality) and has advised against 'all travel' to that location; or
  - Travelling to or staying, for a period of more than 28 days per stay, in a country or an area where the British government advises 'against all but essential travel'.

The passive war risk exclusion applies regardless of whether the claim arises directly or indirectly as a consequence of war, riots, civil disturbances, terrorism, criminal acts, illegal acts or acts against any foreign hostility, whether war has been declared or not.

- Being under the influence of drugs or alcohol.
- Death that takes place more than 365 days after the occurrence of the accident.
- Deliberate exposure to danger, except in an attempt to save human life.
- Intentional inhalation of gas or intentional ingestion of poisons or legally prohibited drugs.
- Flying in an aircraft, including helicopters, unless the insured person is a passenger and the pilot is legally licensed, or is a military pilot and has filed a scheduled flight plan when required by local regulations.
- Active participation in extreme or professional sports or activities including but not limited to:
  - Mountain sports such as abseiling, mountaineering and racing of any kind (except for racing on foot).
  - Snow sports such as bobsleigh, luge, mountaineering, skeleton, skiing off-piste and snowboarding off-piste.
  - Equestrian sports such as hunting on horseback, horse jumping, polo, steeple chasing or horse-racing of any kind.
  - Water sports such as potholing (solo caving) or cave diving, scuba diving to a depth of more than 10 metres, high diving, white water rafting and canyoning.
  - Car and motorcycle sports such as motorcycle riding and quad biking.
  - Combative sports.
  - Air sports such as flying with a microlight, ballooning, hang gliding, paragliding, parascending and parachute jumping.
  - Various other sports such as bungee jumping.
