Allianz Medical Expert (AME) - our automated underwriting tool:

We may use an automated medical underwriting tool to determine whether we can provide cover to you and if so, on what terms. This tool is used to process personal and medical information you provide us in order to calculate the cost of your International Healthcare cover. Without this information we are unable to calculate the premium for your insurance which is relevant to your needs.

We regularly assess the way our automated underwriting tool works to ensure we continue to offer a fair assessment. This assessment is based on the plans you select and on the personal and medical information you provide to us on this application.

Permission to automate the underwriting decision

By ticking this box you accept and agree that your insurer may use an automated medical underwriting tool to evaluate your personal and health data in order to make the underwriting decision on the risks to be insured. This is performed in accordance with GDPR guidelines on the processing of data using an automated underwriting tool.

Once the automated underwriting decision has been made, you have the right to request that we reconsider our decision which will involve a review by our medical underwriting team. If you wish to invoke this right please contact us at underwriting@allianzworldwidecare.com

5 Pre-existing medical conditions

Pre-existing conditions are medical conditions for which one or more symptoms have appeared at some point during your or your dependants' lifetime. This applies regardless of whether you or your dependants sought any medical advice or treatment.

We would deem any such condition to be pre-existing if we could reasonably assume that you or your dependants have known about it. Your policy will cover pre-existing conditions unless we tell you otherwise in writing.

We will also treat as pre-existing any medical conditions that arise between the date you complete the Application Form and the later of the following:

- The date we issue your Insurance Certificate or
- The start date of your policy

Pre-existing conditions will be subject to full medical underwriting and, if they are not disclosed, they will not be covered. **Therefore, it is important that in the periods outlined above, you inform us if there is any change to your and your dependants' health status or to any material facts (facts likely to influence our assessment and acceptance of this application).** In addition, you will need to provide further information if requested.

If you already have one of our healthcare plans and are applying for a cover upgrade or for a new policy, please tell us about any medical conditions you have claimed for since joining us.

6 Health Declaration

Please answer the following questions based on your own and your dependants' full medical history. All material facts (facts likely to influence our assessment and acceptance of this application) must be disclosed. If you are in any doubt about whether a fact is material, then you should disclose it to us. Failure to disclose all material facts may invalidate the policy. This health declaration is valid for two months from the date you complete and sign the form.
