Why choose us

Solutions for real needs

Our company is mostly made up of expatriate staff. We manage multicultural teams, employees on overseas assignments, as well as local staff. We see things from your perspective and experience. And we've created the solutions that you're looking for.

Quality employee incentives

Attract, maintain and protect your diplomats and embassy employees with our comprehensive international healthcare products and services.

Consistency and reassurance

Cover all your diplomats and embassy employees, no matter where they are based*. Also, with our extensive global footprint, if your diplomats and embassy employees move to another country, we can continue to provide cover*.

Confidence for the future

We are a financially strong company with A+ Superior, A.M. Best rating.

'Always-on' assistance

We're always there, always on: offering 24/7 support and care to you and your staff through all stages of your journey with us.

Flexibility

Depending on your organisation's needs and budget, if you want you can top up your chosen plan with one of our Dental Plans, Optical plans and/or our Repatriation Plan. There is a range of deductibles and co-payments you can choose from if you want to control more how much you spend. We also offer you the opportunity to tailor some of your benefit limits, both within the main plan and the optional plans.

Value for money

We offer a network of over 2M+ quality medical providers, settling medical bills directly with the provider for most in-patient treatments. We've effective cost containment and fraud prevention methods to drive your savings.

One partner

No more managing different providers. If you need several insurance products, we are your single point of contact for international health, life and disability insurance, as well as health and protection services.

Digital for speed and convenience

Manage your scheme in a quick and easy way through our secure portal for employers. For diplomats and embassy employees, we offer MyHealth digital services (app and portal) where they can easily submit claims in just a few steps, manage their policy online, and access a number of services like our Provider Finder.

We are Allianz

We specialise in providing international health insurance to individuals, businesses, IGOs and NGOs around the world. We're the expert healthcare partner chosen by companies who want to feel valued and cared for.

In the spotlight

Added services

To us, international health insurance is about more than just medical costs. That's why we've included in our plans a number of added services, to help diplomats and embassy employees maintain a healthier lifestyle, keep well and access appropriate assistance when needed.

24/7 support services

Emergencies or even simple concerns don't always happen at a convenient time. No matter the time or the query, we're here and ready to help. We offer a range of support services available 24/7 including:

- Our **multilingual Helpline** for any policy queries or medical emergency assistance.
- **Travel Security Services**, to talk to a security specialist on any concerns associated to a travel destination.
- **Employee Assistance Programme**, to access consultations on challenging situations of daily life.

TeleHealth Hub

As well as cover for tele-consultations, we also offer a dedicated portal, TeleHealth Hub, where diplomats and embassy employees can login and access the tele-consultation provider most appropriate for their location. They can talk to a medical professional by phone or video chat from the comfort of their home or office – for medical advice, recommendations and prescriptions (service availability may vary from country to country).

Second medical opinion

Our mission is to provide reassurance to diplomats and embassy employees. With our second medical opinion service, we offer them access to expert medical opinion for when they are unsure about a diagnosis, treatment options, or need surgery.

Olive

We believe that prevention is better than cure. Which is why we offer you access to Olive, our health and wellbeing program for employees. It gives access to useful tools to motivate and guide diplomats and embassy employees towards a healthier life – reducing the risk of developing medical conditions. For example, Olive gives access to our fitness app that connects to smart phones and wearables devices, to monitor the number of steps taken, calories burned, sleep schedule and more.

A few things we want to highlight about our benefits...

▶ We offer one of the most comprehensive **oncology benefits** on the market:

- Cover for the costs of most treatments and procedures required for cancer cases,
- **Personal oncology case management service** – we look after our members from the point of diagnosis, accompanying them throughout their cancer treatment. The dedicated case manager helps our members understand their cover, contacting them regularly to check how treatment is going and proactively looking after administration in advance of treatment, and
- **Tumour genetic profiling** for a personalised treatment approach.

▶ We cover most **mental health conditions** that are most often diagnosed nowadays, e.g. eating disorders, obsessive-compulsive disorders, autism spectrum disorders, etc.

Policy terms and conditions

This Table of Benefits was designed for promotional purposes and offers an overview of the cover we provide under each plan. All amounts are per person, per Insurance Year, unless otherwise specified. Cover is subject to our policy terms and conditions, as detailed in our Employee Benefit Guide, which is available on our website: www.allianzcare.com
