In the spotlight

Added services

To us, international health insurance is about more than just medical costs. That's why we've included in our plans a number of added services, to help your employees maintain a healthier lifestyle, keep well and access appropriate assistance when needed.

A few things we want to highlight about our benefits...

- ▶ We offer one of the most comprehensive **oncology benefits** on the market:
 - Cover for the costs of most treatments and procedures required for cancer cases,
 - **Personal oncology case management service** – we look after your employees from the point of diagnosis, accompanying them throughout their cancer treatment. The dedicated case manager helps your employees understand their cover, contacting them regularly to check how treatment is going and proactively looking after administration in advance of treatment, and
 - **Tumour genetic profiling** for a personalised treatment approach.
- ▶ We cover most **mental health conditions** that are most often diagnosed nowadays, e.g. eating disorders, obsessive-compulsive disorders, autism spectrum disorders, etc.

24/7 support services

Emergencies or even simple concerns don't always happen at a convenient time. No matter the time or the query, we're here and ready to help. We offer a range of support services available 24/7 including:

- Our **multilingual Helpline** for any policy queries or medical emergency assistance.
- **Travel Security Services**, to talk to a security specialist on any concerns associated to a travel destination.
- **Employee Assistance Programme**, to access consultations on challenging situations of daily life.

TeleHealth Hub

As well as cover for tele-consultations, we also offer a dedicated portal, TeleHealth Hub, where your employees can login and access the tele-consultation provider most appropriate for their location. They can talk to a medical professional by phone or video chat from the comfort of their home or office – for medical advice, recommendations and prescriptions (service availability may vary from country to country).

Second medical opinion

Our mission is to provide reassurance to your employees. With our second medical opinion service, we offer your employees access to expert medical opinion for when they are unsure about a diagnosis, treatment options, or need surgery.

Olive

We believe that prevention is better than cure. Which is why we offer you access to Olive, our health and wellbeing program for employees. It gives access to useful tools to motivate and guide your employees towards a healthier life – reducing the risk of developing medical conditions. For example, Olive gives access to our fitness app, which connects to smart phones and wearables devices, to monitor the number of steps taken, calories burned, sleep schedule and more.

Policy terms and conditions

All limits in the Table of Benefits are per member, per Insurance Year, unless otherwise specified.
