

Avenue

is a new plan that aims to protect you against serious illness in your life.

Avenue provides cover to:

Adults

Couples

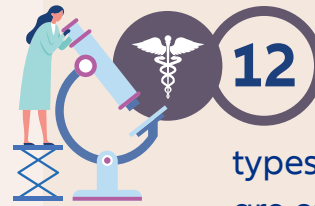

Children

Families

Employees

12 types of medical cases are covered:

Adults and children covered for:

- Bone marrow transplant
- Cancer
- Heart valve replacement or repair
- Neurosurgery
- Severe epilepsy

Adults also covered for:

- Coronary artery angioplasty/stenting
- Coronary artery bypass surgery
- Living organ transplant
- Major vascular surgery

Children also covered for:

- Artificial limbs needed after a limb loss in an accident
- Kawasaki syndrome
- Meningitis/encephalitis

“Through Avenue, we’ll help customers to get the support they need to deal with the stress, anxiety and logistics of their illness as well helping them to get the physical treatment that they need.”

Paula Covey, Chief Marketing Officer of Health at Allianz Partners

What’s covered:

Cover for the medical costs required to treat an eligible medical case or to receive a lump sum payment.

Medical case management through the entire treatment.

Access to relevant medical expertise through Avenue’s network of specialised hospitals.

Option to receive treatment in-country or overseas, depending on plan selection. Both public and private hospitals are available.

Provision of a second medical opinion.

Counselling services, legal advice and other additional service options.
